❖ Pairing

Aux In

EN:

1) Press  for 1-2 seconds, release the button when you hear “power on”. The headset will automatically connect to the latest device that you have connected the device before. The headset will enter the original pairing mode with “Paring” sound if there is no connected history.

2) Press  for 3-5 seconds, release the button after hearing "Paring" sound. The headset will enter the original pairing mode.

DE:

1) Drücken Taste  für 1-2 Sek. lang , bis Sie "Power On" hören können. Wenn die Pairing-Aufzeichnung vorliegt, stellt das Headset automatisch eine Verbindung zum nächsten Gerät her. Wenn keine Pairing-Aufzeichnung vorhanden ist, wechselt das Headset mit dem Ton "Paring" in den anfänglichen Pairing-Modus.

2) Drücken Taste  für 3-5 Sek. lang , bis Sie "Paring" hören können. Das Headset wechselt in den ursprünglichen Pairing-Modus.

FR:

1) Appuyez  pendant 1 à 2 secondes, relâchez le bouton lorsque vous entendez «Power on». Le kit oreillette se connectera automatiquement au dernier appareil auquel vous avez déjà connecté l'appareil. Le oreillette entrera dans le mode de couplage d'origine avec le son «Paring» s'il n'y a pas d'historique connecté.

2) Appuyez  pendant 3 à 5 secondes, relâchez le bouton après avoir entendu le son «Paring». Le oreillette entrera dans le mode de couplage d'origine.

ES:

1) Presione  durante 1-2 segundos, suelte el botón cuando escuche "power on". El auricular se conectará automáticamente al último dispositivo que haya

Fcc Statement

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Note:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Correct Disposal of This Product

(Waste Electrical & Electronic Equipment)

This Marking shown on the product or its literature, indicate that it should not be disposed with other household wastes at the end of its working life.

To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources.

Household user should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take this item for environmentally safe recycling.

Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

Notification

1. Please fully charge it if it was going to be lain idle for a long time and place it in a cool and dry place. Please recharge it each 2 months for storage.
