

<p style="text-align: center;">Solder Board-Component View 7</p>	 <p>A photograph of a small green PCB component with four circular solder pads and four small surface components. The component is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters and millimeters.</p>
<p style="text-align: center;">Solder Board-Component View 8</p>	 <p>A photograph of a larger green PCB component with various surface components, including a connector and a component labeled 'E47680'. A black component is soldered to the top. The component is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters and millimeters.</p>

<p style="text-align: center;">Solder Board-Component View 9</p>	 <p>A photograph of a small green PCB component with two pins, placed on a blue textured surface. A ruler is positioned vertically to the left and horizontally below the component for scale. The vertical ruler shows markings from 1 to 9 cm. The horizontal ruler shows markings from 0.5 mm to 10 cm. The component is approximately 2 cm wide and 1 cm high.</p>
<p style="text-align: center;">Solder Board-Component View 10</p>	 <p>A photograph of a Western Digital 1TB SC1450 3.5-inch SATA hard drive, placed on a blue textured surface. A ruler is positioned vertically to the left and horizontally below the drive for scale. The vertical ruler shows markings from 1 to 18 cm. The horizontal ruler shows markings from 0.5 mm to 22 cm. The drive is approximately 14 cm wide and 5 cm high.</p>
