Attestation letter,

To whom it may concern:

We hereby define ASBLEM as below.

1. Model classification

ASBLEM models are classified as follows.

- Product Name : *UNIT ASSY-WRLS*
- Model Name : ASBLEM00
- Derived Model Name : ASBLEM01
- FCCID: 2AS9T-ASBLEM
- IC: 27298-ASBLEM

There is no difference between ASBLEM00 model and ASBLEM01 model in electrical, circuitous, or external appearance. The difference between the two models is the product name according to the final car model.

2. Geo-location

ASBLEM00 model and ASBLEM01 model do not support Geo-location function.

3. Bluetooth LE version

ASBLEM00 model and ASBLEM01 model only support LE (1 Mbps).

Sincerely,

TaikJin Yang
Principal engineer
