

<p><b>Solder Board-Component View 4</b></p>	 A photograph of a green printed circuit board (PCB) component, labeled as View 4. The board is rectangular and populated with various electronic components, including integrated circuits, resistors, and capacitors. It is placed on a blue textured surface next to a black L-shaped ruler for scale. The ruler shows measurements in millimeters, with the horizontal scale ranging from 0 to 100 mm and the vertical scale from 0 to 100 mm.
<p><b>Solder Board-Component View 5</b></p>	 A photograph of the same green PCB component, labeled as View 5. This view shows the component from a different angle, highlighting the placement of several electrolytic capacitors and other surface components. The board is again placed on a blue textured surface next to a black L-shaped ruler for scale, with the ruler markings visible.

<p><b>Solder Board-Component View 8</b></p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'View 8'. The board is rectangular and populated with various electronic components, including a large integrated circuit (IC) in the center, several smaller ICs, and numerous surface-mount components. A black L-shaped ruler is placed next to the board for scale, showing measurements in millimeters. The board is positioned vertically, and the ruler's vertical edge is on the left, while the horizontal edge is at the bottom. The background is a light blue textured surface.</p>
<p><b>Solder Board-Component View 9</b></p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'View 9'. This view shows the reverse side of the board, featuring a large black rectangular area at the top, likely a display or sensor, and several circular components (possibly capacitors or inductors) arranged in a grid below. A black L-shaped ruler is placed next to the board for scale, showing measurements in millimeters. The board is positioned vertically, and the ruler's vertical edge is on the left, while the horizontal edge is at the bottom. The background is a light blue textured surface.</p>
