EUT View 12

EUT View 13	 A black electronic device, possibly a handheld PDA or a small tablet, is shown lying on a light blue textured surface. A black cable is connected to the top of the device. To the left of the device is a black L-shaped ruler with white markings in centimeters and millimeters. The device is positioned vertically, and the ruler is placed horizontally next to it for scale.
EUT View 14	 This view is similar to EUT View 13, showing the same black electronic device and cable on a light blue surface next to a black L-shaped ruler. The device is oriented the same way, but the angle of the photograph is slightly different, providing a slightly different perspective of the device and the ruler.
