# TROVA

Smart storage for open minds.

Quick Start Guide

Welcome to TROVA.

Lets get you acquainted with your device.

Now lets get you connected.

# STEP 1

Download the APP at the AppStore or Google Play.

#### WWW.TROVAOFFICIAL.COM/APPDOWNLOAD

Log in to the app using the same email/password you created at purchase. If you do not have the email/password you used at purchase, create a new one now.

## STEP 2

To turn on your TROVA, press the multi-function button located on the side of your TROVA.

## STEP 3

Next, follow directions on the app, making sure BlueTooth is on in your phones settings. A white LED light will pulse while your TROVA is pairing.

Once connected, the light will glow solid white for five seconds

## STEP 4

Now lets authenticate your TROVA. Enter your PIN or use your phone's Biometric (face ID or finger-print) authentication to complete the process.

Success! You are now paired, authenticated and ready to unlock your TROVA. Please follow the app

tutorial for further guidance on lock/unlock feature, battery life and other settings.

Or visit our FAQs section online for frequently asked questions.

#### WWW.TROVAOFFICIAL.COM

TIPS: Tap the multi-function button for a quick read on your battery level. Press and hold for 5 seconds to turn on/off your device.

### LED indicator breakdown:

Red = charge your TROVA
Orange = low battery
Green = ample to full battery
White/orange alternating = forced

disconnection/authentication error

For full explanation of all LED colors visit our website, login with your same TROVA username/password and explore all the features of your TROVA:

- App BYPASS mode
- NEVER LOST feature
- Left open alarm

#### FCC COMPLIANCE STATEMENT:

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

**Warning:** Changes or modifications to this unit not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

## **FCC Radiation Exposure Statement**

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.
