<p>1MORE (1) Year Limited Warranty</p> <p>1MORE Inc., 1MORE warrants to the original retail purchaser that this product is to be free from defective materials and workmanship for a period of one year from the date of purchase, if it is properly used and maintained. If this product proves defective in either material or workmanship, 1MORE, at its option, will (a) repair the product, or (b) replace the product, at no charge for parts or labor. If the product model is no longer available and cannot be repaired effectively or replaced with an identical model, 1MORE at its sole option may replace the unit with a current model of equal or greater value. In some cases, modification to the mounting surface may be required where a new model is substituted. 1MORE assumes no responsibility or liability for such modification. To obtain a repair or replacement under the terms of this warranty, please return to dealer first, if possible, and the dealer will direct you accordingly for repairs or replacement. You will be required to submit a copy of the original receipt. Return shipping for exchanges/repairs is the sole responsibility of the original retail purchaser.</p> <p>Limitations:</p> <ul style="list-style-type: none"> This limited warranty does not cover failure of the product resulting from improper installation, misuse, abuse, accident, neglect, mishandling, or wear from ordinary use or environmental deterioration. This limited warranty does not cover cosmetic damage, including paint damage, or consequential damage to other components or premises which may result for any reason from the failure of the product. This limited warranty is null and void for products not used in accordance with 1MORE's instructions. This limited warranty is null and void for products with altered or missing serial numbers and for products not purchased from an authorized dealer. This limited warranty terminates if you sell or otherwise transfer this product to another party. 	<p>We Appreciate Your Business</p> <p>We know you will enjoy new 1MORE headphones as much as we do. At 1MORE, we value your satisfaction. If you would like more details on this product or any of our other products, please visit us online by scanning the QR code. Go to www.1more.com and sign up for VIP and 1MORE will treat you like one.</p> <p>Tips</p> <ol style="list-style-type: none"> Please read this instruction manual carefully and retain for future reference. Please fully charge the battery before first use. If the headphones have been unused for more than 3 months, we recommend that you charge them. This will improve battery capacity. Only use charging cables and adapters that are FCC (Federal Communications Commission) approved. In any environments, static electricity may numb your ear. This is not related to the quality of the product. <p>Safety Information</p> <ol style="list-style-type: none"> Never disassemble the headphones. There are no user-serviceable parts inside. Do not expose the headphones to temperatures below 32° F (0° C) or to temperatures above 113° F (45° C). Do not use the headphones in a thunderstorm storm. This could prevent the headphones from working properly, and also increase your chance of being electrically shocked. Do not use oil or any volatile liquid to clean this product. Do not listen at high volumes for extended periods of time. Do not use the headphones in traffic. Do not use the headphones any time it would be dangerous to be unaware of noises around you. Adult supervision is required for children of age 6 and under. If you don't feel comfortable after wearing the headphones, please refer to an aurist for advice on whether in-ear headphones are suitable for you. <p>Extra Functions</p> <ol style="list-style-type: none"> If headphones cannot pair normally when power on. Open the case, quickly click the pairing button in the case for 3 times to initial searching for Left & Right pairing. To unpair the cellphone: Put both L & R into the case, and then press and hold the pairing button in the case for 8 seconds. OTA Firmware Update: can be done synchronously with 1MORE Assistant App when Left and Right headphones Bluetooth paired to each other. <p>* Functions of 1MORE MUSIC APP may vary with different cellphones or operating systems. For more details, please contact our customer service.</p>															
<p>FAQ</p> <ol style="list-style-type: none"> Why the headphones cannot be turned on? Check if your headphones have enough battery life. If not, please charge them for at least 30 minutes. Why the headphones cannot connect to my cellphone, or take a long time to connect? 1) If the earbuds cannot pair to one another, and only one earbud will pair with your cellphone, then put both buds back into the charging case and quickly press the pairing button 3 times, click the device name, they should now pair correctly to the phone. 2) To pair the earbuds to a new cellphone, simply place them into the charging case and depress the pairing button for 2 seconds. Then click the new device name into the pairing case with the new cellphone. Why the headphones cannot play music after successfully connecting to my Android device? After pairing successfully, on the Bluetooth menu of your device, tap the icon on the right of your device name and make sure the "Media Audio" option is on. Why there is no sound from the headphones while making phone calls after successfully connecting to my Android device? After pairing successfully, on the Bluetooth menu of your device, tap the icon on the right of your device name and make sure the "Phone Audio" option is on. Why the Bluetooth connection is not stable and causes some interruptions? 1) Try shortening the distance between your headphones and device. Avoid solid barriers in between. 2) Please keep away from strong interference sources, such as Wi-Fi and GPS. 3) Please make sure the Bluetooth antenna of your device is not blocked. Why some control functions do not match those in the manual while using third party music/video player app? Your operating system and the third party music/video player apps may have different settings for the in-line remote control functions. We recommend that you use the music/video player apps that your device has originally provided. I turned the headphones up to the maximum volume, but why the actual volume still sounds low? In different operating systems, especially some Android systems, the headphones and your device have separate volume control systems. Please adjust the volume controls on both the device and the headphones according to your preference. <p>* For more detailed product FAQs, please visit the product support section under www.1more.com</p>	<p>WEEE</p> <p>Electrical and electronic equipment, parts and batteries marked with this symbol must not be disposed of with normal household waste; it must be collected and disposed of separately to protect the environment.</p> <p>Your 1MORE retailer will advise you of the correct way of disposing in your country.</p> <p>Safety Caution</p> <p>Do not expose batteries or battery packs to excessive heat such as sunshine, fire or the like.</p> <p>CE</p> <p>Declaration of Conformity Hereby, Tianlab Acoustic Technology Limited declares that the radio equipment type 1MORE ComfoBuds Pro True Wireless In-Ear Headphones ES901 is in compliance with Directive 2014/53/EU.
