RE: Long Term Confidentiality Request For BioWaveGO Model # BWG-S

To Whom It May Concern:

In accordance with sections 0.457 and 0.459 of CFR 47, **BioWave Corporation** requests long-term Confidentiality for the following sections of this application:

Schematics,
Bill of materials,
Block diagram and
Operational description

These documents contain detailed system and equipment descriptions and related information about the product, which **BioWave Corporation** considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, **BioWave Corporation** feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

Bradford Siff
