To whom it may concern:

Edison Labs, Inc. hereby requests a Permissive Change Class II of the radio equipment certification for the WiFi and Bluetooth Module certification number, FCC ID: 2ASEJ-ORROSWITCH01. This product differs from the originally approved product in the following manner:

- (a) Associated digital circuitry. – No changes.
- (b) Functional capabilities. – No changes.
- (c) Antenna Type. – Custom Antenna manufactured by Edison Labs, Inc. consisting of a Printed Circuit Board slot antenna, metal yoke, and metal ring.
- (d) Cosmetic differences – No changes.

I do attest that the Field strength and/or RF Output readings remained the same or are lower than the originally approved product and that they did not increase therefore qualifying this product for this application type.

Sincerely,

Nima Banai
