

# EBT5902说明书

材质：180g本白棉彩纸+双面单黑印刷+局部UV+风琴4折

## Controlling Your Earphones

The BT Transfer earphones utilize simple intuitive commands to control your music, audio, and incoming phone calls.

Please note the difference between volume and track control - tapping “+/-” will adjust volume, while holding “+/-” will adjust tracks.

Double-tapping the power/multi-function button (“O”) will cue your phone’s digital assistant - Siri, Google Assistant, Cortana, etc.

Action	Command
Power On	Hold ○
Power Off	Hold ○
Volume Up	Tap +
Volume Down	Tap -
Track Fwd	Hold +
Track Rwd	Hold -
Play / Pause	Tap ○
Pickup / Hangup Call	Tap ○
Reject Call	Hold ○
Re-enter BT Pairing Mode	Hold + -
Cue Digital Assistant	2x Tap ○

## Charge

Fully charge earphones (-2 hours) until blue LED light illuminates.

## Pairing

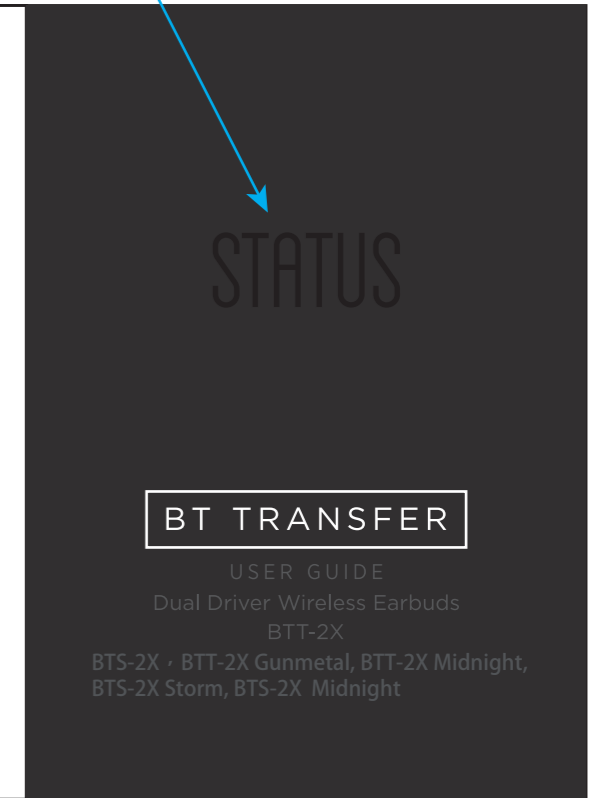

Activate Bluetooth on the device you seek to pair with the earphones (phone, tablet, computer, etc).

Turn the earphones on by holding the power/multi-function button (“O” shaped button).

Upon first use, the earphones will immediately enter “discoverable” mode (indicated by a pulsing blue light). This means the earphones are ready to pair to a device.

## 正面

Select “BT Transfer” in the Bluetooth menu on your device.

Once paired, you’ll hear an audio confirmation and the blue light will stop pulsing.

*The Bluetooth pairing procedure may vary depending on the settings of your device. If necessary, please contact the manufacturer of the device for further information.*

### Notes On Pairing

If the earphones are turned on and no previously paired devices are within range, the earphones will automatically enter “discoverable” mode.

If the earphones are already paired - and you wish to break the connection and pair to a new device - simply hold the “+” and “-” buttons together for 3 seconds. This will cancel the existing connection and enter “discoverable” mode.

### Play

The BT Transfer earphones allow you to control music playback and incoming phone-calls.

*Control functionality may vary depending on device.*

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device contains licence-exempt transmitter(s)/ receiver(s) that comply with Innovation, Science and Economic Development Canada’s licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L’émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d’Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L’exploitation est autorisée aux deux conditions suivantes :

- (1) L’ appareil ne doit pas produire de brouillage;
- (2) L’ appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d’ en compromettre le fonctionnement.
