- 2. When on an active call, short press "Play/Pause/Phone" to hang up.
- 3. When the Speaker is in standby/music mode, double press the "Play/Pause/Phone" key to re-dial the last call.

Warm Tips

- 1. In order to avoid damage to your hearing and prolong the speaker's use-life, please don't listen to music for long time in high volume environment.
- 2. When a fault occurs, please immediately turn off the power switch, unplugging the USB plug, prevent speaker and other components damaged.
- 3. Over use of battery will affect the Bluetooth distance and use-life, please charge in time.

7. Restore to factory settings

In Bluetooth connection mode, long press "M" key for 3 seconds, the blue light will blink rapidly, restoring the speaker to factory settings.

6. Charging

Connect the Micro 5P charging cable to speaker's Micro USB port, insert the other end to the USB port of a 5V charger. A red light is illuminated when charging, and will switch off when full charge is reached.

5. Mode Switch(Bluetooth-TF Card-AUX-FM)
When speaker is on with TF Card inserted, click "M" key to switch to switch through different modes one by one in this order: Bluetooth-TF Card - AUX - AUX - Bluetooth (FM Mode: connecting the USB cable to be FM Antenna, long press "Play / pause" automatic search platform. Some items do not have AUX, FM modes).

Free music

FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
