RE: Confidentiality request for ([Stealth Rekon Headset / IA-NT4-BASIC-BT, IA-RK-Basic-BT / FCC ID: 2ASIJANT4SR](#)) To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the ([Block Diagram, Schematic diagram, Operational Description](#)) required to be submitted with this application be permanently withheld from public review.

These documents contain detailed system and equipment description and related information about the product which **Iasus Concepts Limited** considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, **Iasus Concepts Limited** considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,
