Subject: Use of LM940 documentation and FCC reports

Dear Sir or Madam:

Telit authorizes integrator/customer AVIWEST to use the LM940 construction documentation (schematics, BOM, Block diagrams, etc.) and the FCC reports, that must remain permanently confidential, for FCC certification of their AQUADMDM product.

FCC ID: RI7LM940
Date of Grant: 07/24/2017

AVIWEST may use MPE, part 15, 22, 24, 27 test reports along with all necessary documentation pertinent to Telit radio module LM940 and is authorized to use the company name "Telit", product name "LM940" solely for the certification process of AQUADMDM which have the Telit LM940 embedded.

The Test Reports supplied by Telit to the FCC for our submission for grant are still representative of LM940 manufactured today.

If you have any questions or concerns feel free to contact me.

Sincerely,

Ken Bednasz
Vice President of Application Engineering
