

<p>Solder Board-Component View 4</p>	 <p>A photograph of a small green PCB component, model PCD628N-PCB3 (BT) REV:A00, with part number 20190717. The component is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm. The component has several gold-colored pads labeled P1 through P7 and P31 through P35. A small white label on the component reads 'LOCKLY' and 'PCD628N-PCB3 (BT) REV:A00 20190717'. There is also a small white label with 'CH-1' and some other markings.</p>
<p>Solder Board-Component View 5</p>	 <p>A photograph of a larger green PCB component with a black rectangular area in the center. The component is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm. The component has several gold-colored pads and a small white label with 'LOCKLY' and 'PCD628N-PCB3 (BT) REV:A00 20190717'. There are also some other markings on the component.</p>

<p>Solder Board-Component View</p> <p>6</p>	 <p>A photograph of a green printed circuit board (PCB) with various electronic components. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm. The PCB has several components, including a large integrated circuit, various resistors, capacitors, and connectors. The text 'LOCKY' is visible on the board. The board is oriented vertically with the ruler on the left and bottom.</p>
<p>Antenna View</p>	 <p>A photograph of the internal components of a mobile phone, showing the antenna assembly. A red box highlights a component labeled 'BLE Antenna'. The antenna is connected to a small circuit board. The phone's internal structure, including the battery compartment and other components, is visible. The background is a blue textured surface.</p>
