

<p style="text-align: center;">Solder Board-Component View 5</p>	 A photograph of a black printed circuit board (PCB) with various electronic components. The board is oriented vertically and placed on a blue textured surface. A black ruler with white markings is positioned horizontally across the board, showing measurements in millimeters. The board features a central microcontroller, several integrated circuits, and connectors. The text "LOCKLY" and "210817" are visible on the board. The ruler shows a scale from 0 to 100 mm on the left side and 0 to 100 mm on the right side.
<p style="text-align: center;">Solder Board-Component View 6</p>	 A photograph of a black PCB, similar to the one in View 5, but with a large black rectangular component covering most of the board's surface. The board is placed on a blue textured surface. A black ruler with white markings is positioned horizontally across the board, showing measurements in millimeters. The ruler shows a scale from 0 to 100 mm on the left side and 0 to 100 mm on the right side.
