

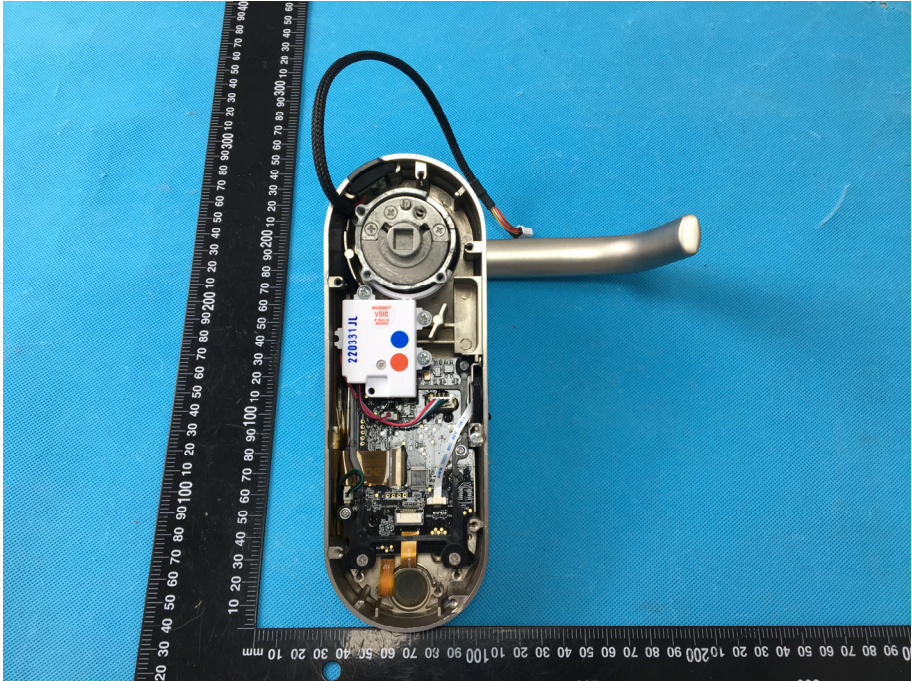

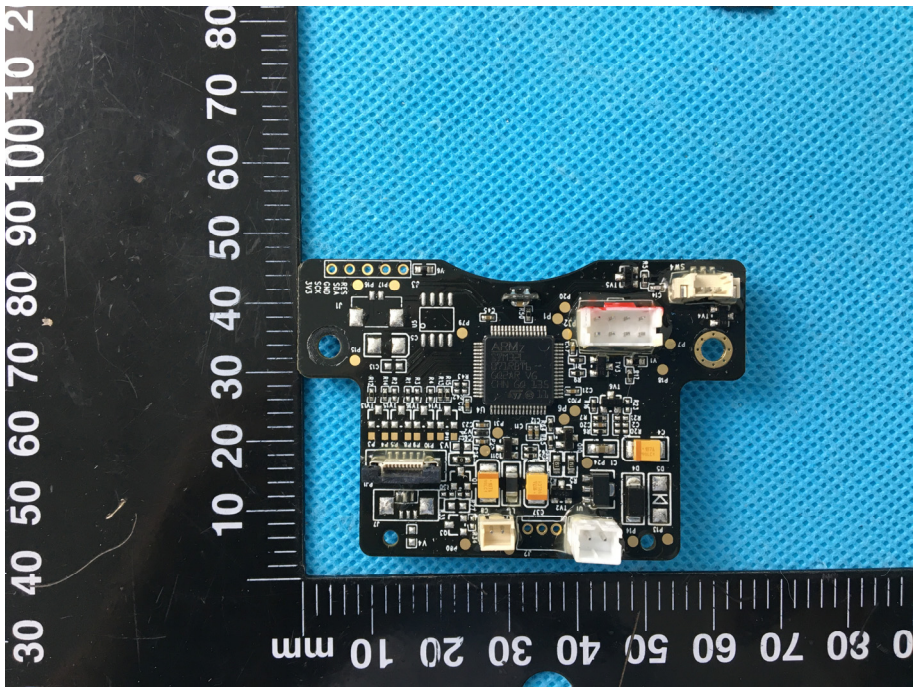

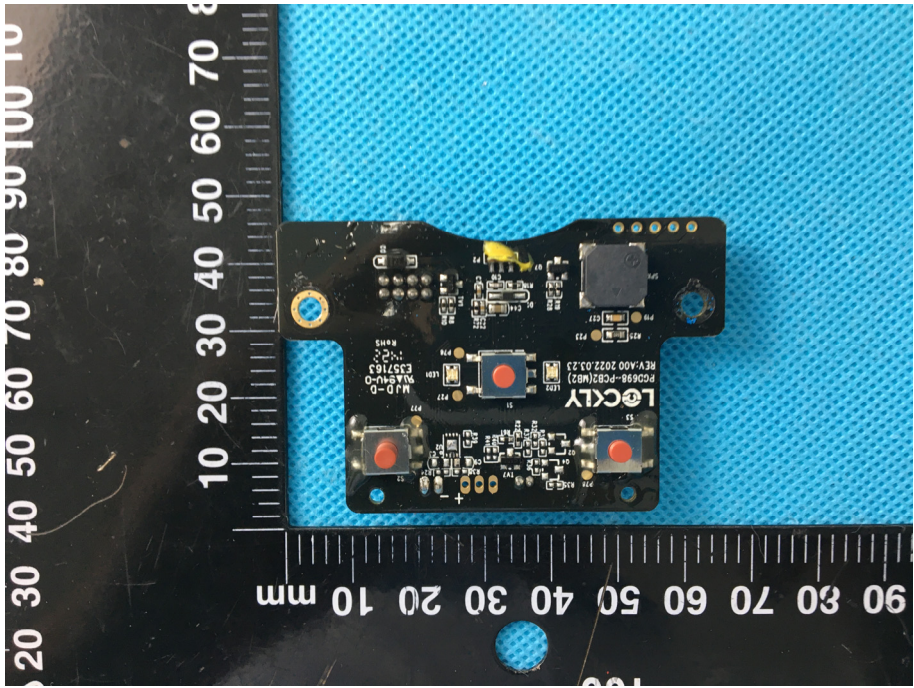

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>A photograph showing the disassembled EUT housing and board. The silver-colored housing is on the left, and the black plastic back cover is on the right. A black ruler is placed vertically to the left of the housing for scale. The background is a blue textured surface.</p>
<p>EUT Housing and Board View 2</p>	 <p>A photograph showing the internal components of the EUT housing. The silver-colored housing is open, revealing the internal circuit board, a battery, and other electronic components. A black ruler is placed vertically to the left of the housing for scale. The background is a blue textured surface.</p>

<p style="text-align: center;">Solder Board-Component View 1</p>	 <p>A photograph of a black PCB component, labeled 'Solder Board-Component View 1'. The component is rectangular with rounded corners and features various electronic components including a microcontroller, several capacitors, and connectors. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's width being approximately 60 mm and its height approximately 40 mm.</p>
<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph of the same black PCB component, labeled 'Solder Board-Component View 2'. This view shows the reverse side of the component, featuring a large microcontroller chip, several capacitors, and other components. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's width being approximately 60 mm and its height approximately 40 mm.</p>
