

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

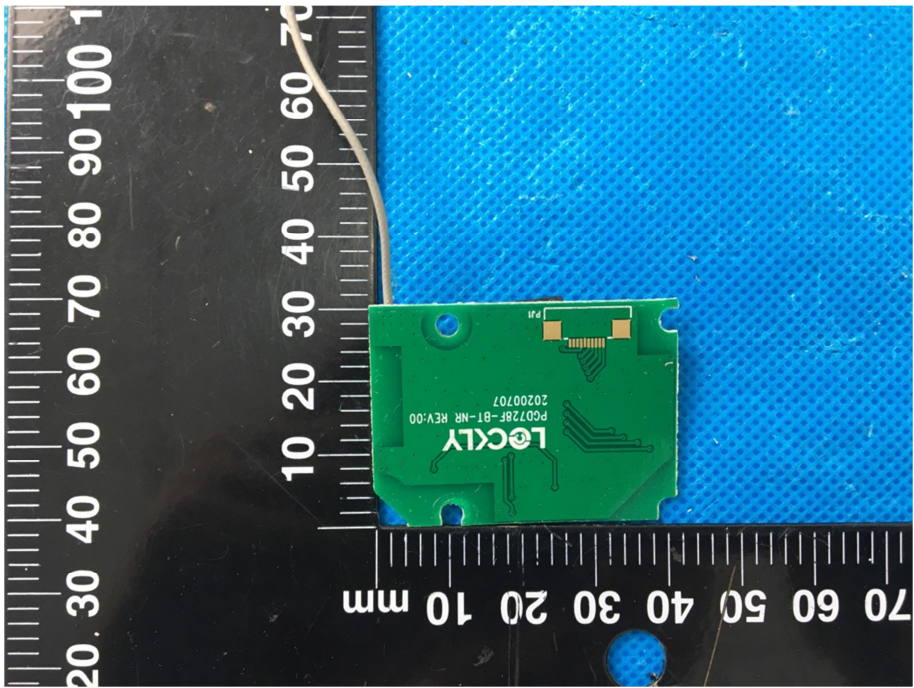

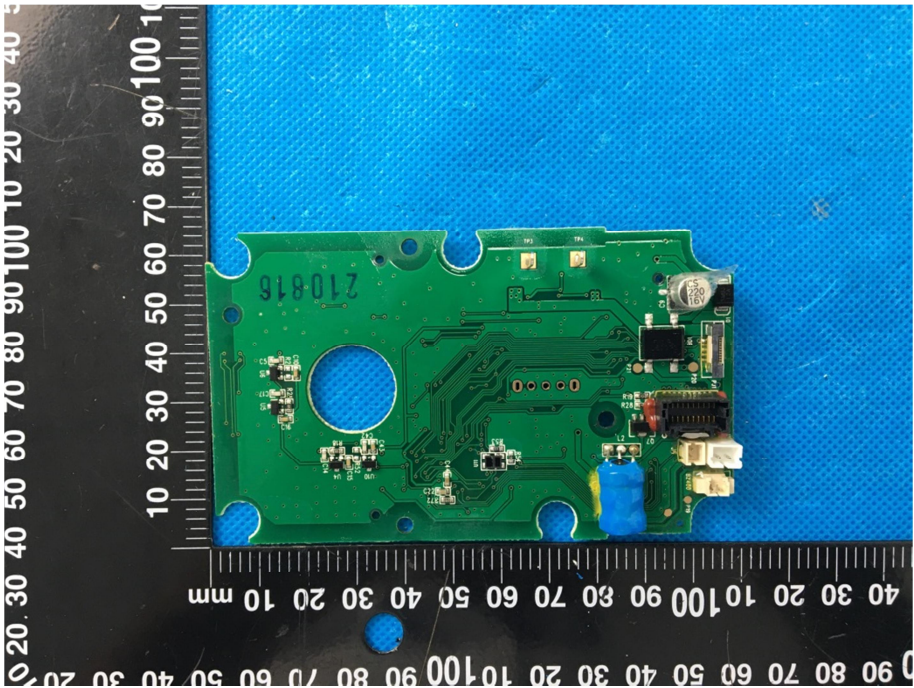

**EUT Housing and Board  
View 1**

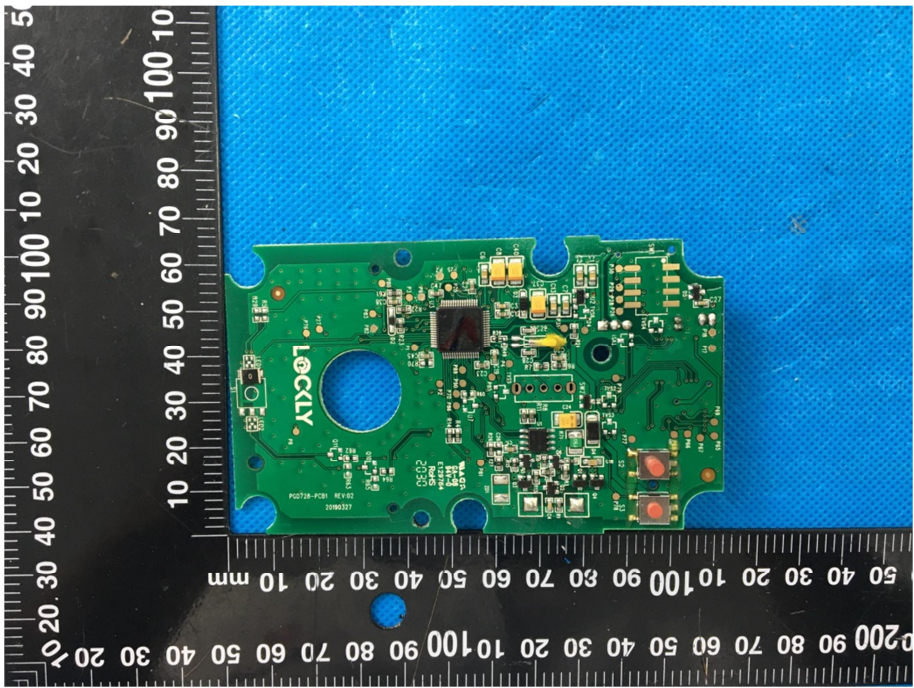

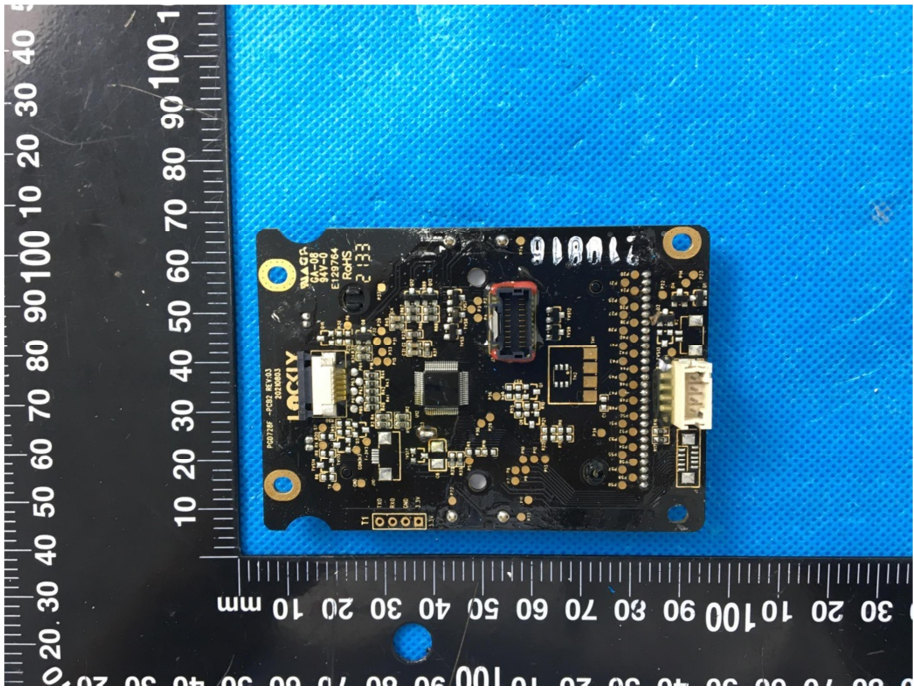

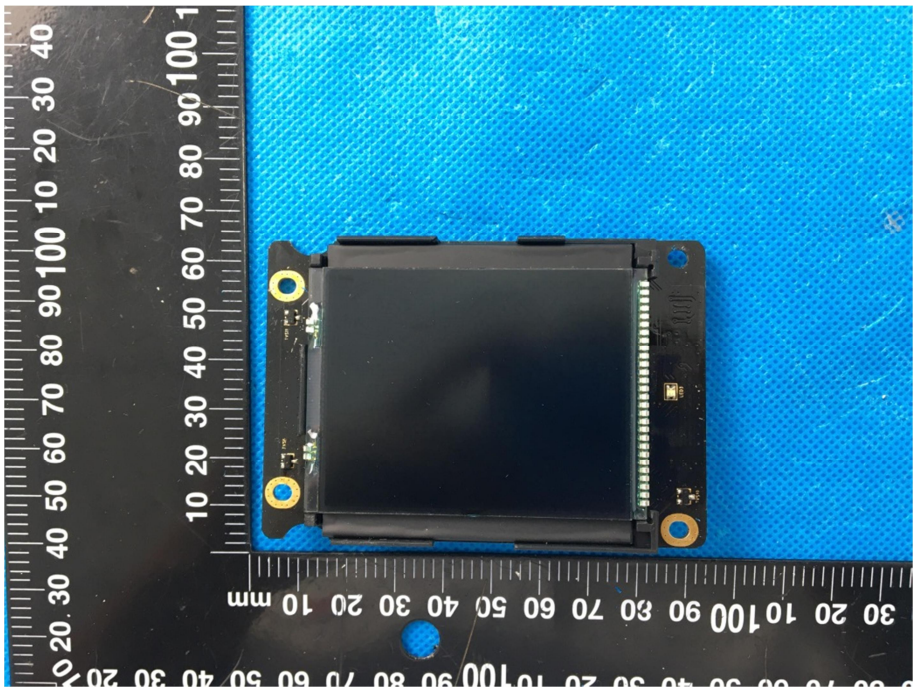

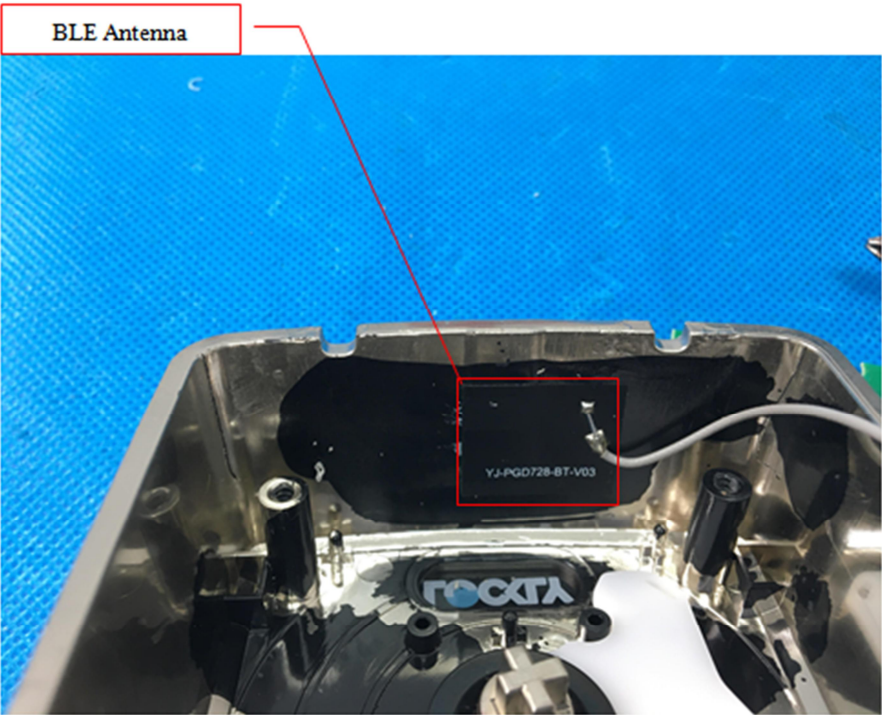

**EUT Housing and Board  
View 2**

<p style="text-align: center;"><b>Solder Board-Component View 2</b></p>	 <p>A photograph of a green PCB component, labeled 'LOCKLY PGD728F-B1-NR REV:00 20200707', mounted on a blue textured surface. A white cable is connected to the component. A black ruler with white markings is visible on the left and bottom, showing measurements in millimeters. The component is positioned between the 10mm and 70mm marks on the vertical ruler and between the 20mm and 70mm marks on the horizontal ruler.</p>
<p style="text-align: center;"><b>Solder Board-Component View 3</b></p>	 <p>A photograph of a green PCB component, labeled '210-816', mounted on a blue textured surface. The component is populated with various electronic components, including a large circular component, several small surface-mount components, and a connector. A black ruler with white markings is visible on the left and bottom, showing measurements in millimeters. The component is positioned between the 10mm and 100mm marks on the vertical ruler and between the 20mm and 100mm marks on the horizontal ruler.</p>

<p style="text-align: center;"><b>Solder Board-Component View 4</b></p>	 A photograph of a green printed circuit board (PCB) with various electronic components. The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The PCB has a large circular cutout on the left side. Text on the board includes "ATX01" and "P02728-PCB REV.02 20090227".
<p style="text-align: center;"><b>Solder Board-Component View 5</b></p>	 A photograph of a black printed circuit board (PCB) with various electronic components. The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The PCB has a large rectangular cutout on the left side. Text on the board includes "MAGP", "E128744", "RoHS", and "2133".

<p style="text-align: center;"><b>Solder Board-Component View 6</b></p>	 A photograph of a black PCB component with three yellow circular mounting holes, placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length being approximately 100 mm.
<p style="text-align: center;"><b>Antenna View</b></p>	 A photograph showing the internal view of a device's metal housing. A black rectangular component is mounted on a circuit board. A red box highlights the component, and a red line points from a label 'BLE Antenna' to it. The component has the text 'YJ-PGD728-BT-V03' printed on it. The device's internal components, including a battery and other electronic parts, are visible.
