**FCC E-Label Information:**

1. According to FCC rule part 2.925 (d) justification of using the alternative method of e-labeling for the product

The location was chosen to be in the device display due to limited space available for placement of the label. The device is very small in physical size and has many contoured surfaces. The front side of the electronics enclosure is the side that the end user sees during normal operation. Form Athletica Inc. wants to reserve the front side for brand information and does not want label information on this side. For these reasons, electronic display of the FCC ID using the integrated display is the only logical choice.

2. According to KDB 784748 D02 e labeling v02 section 4, for devices with an integrated electronic display, or those devices that only operate in conjunction with another associated product that has an electronic display, below info has been stated in e-label and/or user manual.

A. User Steps to Access Information

Starting from Main menu:

Step 1 – press the rear button to navigate to the “Settings” menu

Step 2 – once in settings, use the rear button to navigate to “About”

Step 3 – Finally, use the rear button to navigate to “Regulatory”, where applicable regulatory information is displayed

- B. Products must not require special accessories or supplemental plug-ins (e.g., the installation of a SIM/USIM card) to access the information.

No special accessories or supplemental plug-ins are required to access the regulatory information

Instructions will be provided with the product at the time of purchase in the Product Information and Safety Leaflet

End user instructions to access product website to obtain the regulatory information is provided at the time of purchase in the Product Information and Safety Leaflet

# Readability of Regulatory Information

Information	on E-label	In Manual
FCC ID number	X	X
FCC logo		X
15.19 statement (“This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.”)		X
Class A / B Digital Device user manual statements		X
Caution to the user that changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment		X

Below screens which are displayed electronically are clearly legible with no need of magnification:

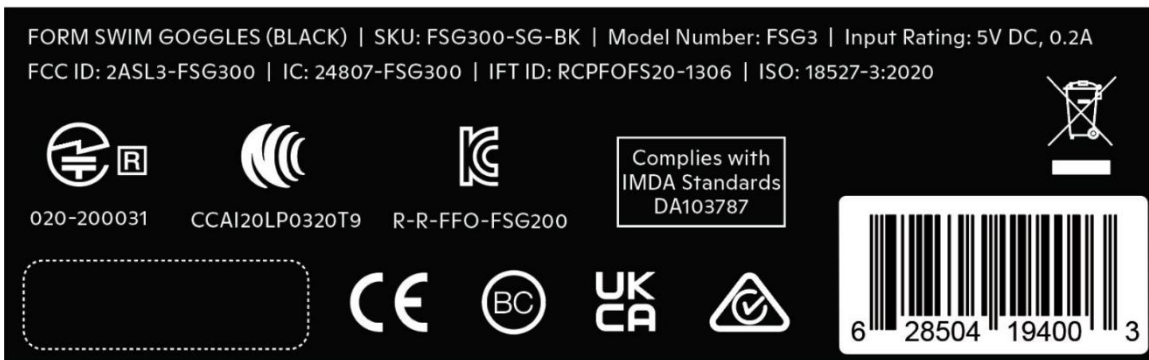

It is not possible to fit “FCC ID: 2ASL3-FSG300” on one line due to the low display resolution of our device.

## C. Regulatory Information must be Secure

The regulatory information is secured and implemented in a factory-set-unalterable format. The regulatory information will be capable of being retrieved and displayed locally and accessed by the end user. There is no way for the end user to modify the regulatory information.

## D. Physical and Temporary label for Purchasing and Importation

Although the e-label has been used, the label on the packaging at the time of importation, marketing, and sales will be as shown below:

## E. Additional Considerations(Modular transmitters)

Device is not a modular device.
