Dear Sir or Madam:

Telit Communications S.p.A. has applied for and has been granted Federal Communications Commission (FCC) registration number RI7GS2100MIE for its radio module which carries the Telit Communications S.p.A. model number GS21000MIE.

This letter will grant permission on a one-time basis to Schneider Electric, a company in USA, to apply for a "Change of Identification" for the above mentioned radio module, with FCC.

Telit Communications S.p.A. understands that Schneider Electric must make this change in order to comply with Federal Communication Commission (FCC) regulations that apply to the Schneider Electric product called IAN-CC, FCC identifier 2ASO7IANCC and Telit authorize FCC to use information on file to grant such Change of Identification for this device.

Telit Communications S.p.A. is supplying the GS21000MIE to Schneider Electric, unmodified and equivalent to the originally certified unit.

The original test results continue to be representative of and applicable to the equipment bearing the changed identification.

Sincerely,

Ken Bednasz
Vice President of Application Engineering
Telit Communications S.p.A
