To Whom It May Concern,

RE: Request for Class II permissive change

Pursuant to FCC Part 2.1043, we would like to request a Class II permissive change for the following:

FCC ID: 2ASQK-EA00351  
IC: 24977- EA00351

The device has not been changed, but the power measured during the initial certification was not representative of the power of the production units. The FCC and ISED have been consulting and this has been approved via email correspondence with ACB, Inc.

Please let me know if you need any additional information.

Thank you,
