

1. Safety Information

**Read Carefully**

Read this manual carefully before using the device. It contains important information about safety, operation, and maintenance. Keep this manual in a safe place for future reference.

**Warnings**

- Do not use the device near flammable or explosive materials.
- Do not use the device in wet or damp conditions.
- Do not touch the device with wet hands.
- Do not use the device if you are pregnant or breastfeeding.
- Do not use the device if you have a heart condition or are taking medication.
- Do not use the device if you are under the influence of alcohol or drugs.
- Do not use the device if you are feeling dizzy or lightheaded.
- Do not use the device if you are experiencing any other symptoms that may be related to the device.

2. Getting Started

**Unboxing**

Remove the device from the packaging. Check the device for any damage. If you find any damage, contact your retailer or the manufacturer.

**Power On**

Press the power button to turn on the device. The device will display the home screen.

**Basic Navigation**

Use the touch screen to navigate through the device. Tap on the icons to open the applications. Use the home button to return to the home screen.

3. Features and Functions

**Camera**

Use the camera to take photos and videos. Tap on the camera icon to open the camera application. Use the touch screen to focus and take the photo.

**Gallery**

Use the gallery to view and manage your photos and videos. Tap on the gallery icon to open the gallery application.

**App Store**

Use the app store to download and install new applications. Tap on the app store icon to open the app store.

**Settings**

Use the settings to configure the device. Tap on the settings icon to open the settings application.

4. Troubleshooting

**Device Not Turning On**

Check if the device is fully charged. Try charging the device for a few hours. If the device still does not turn on, contact your retailer or the manufacturer.

**Device Overheating**

Stop using the device immediately. Remove the device from your pocket or bag. Let the device cool down for a few minutes. If the device overheats frequently, contact your retailer or the manufacturer.

5. Connecting to Other Devices

**Bluetooth**

Use Bluetooth to connect the device to other devices. Tap on the Bluetooth icon in the settings application to turn on Bluetooth. Tap on the device name to connect.

**Wi-Fi**

Use Wi-Fi to connect the device to the internet. Tap on the Wi-Fi icon in the settings application to turn on Wi-Fi. Tap on the network name to connect.

6. App User Guide

**App 1**

Use App 1 to perform task 1. Tap on the app icon to open the application. Follow the on-screen instructions to complete the task.

**App 2**

Use App 2 to perform task 2. Tap on the app icon to open the application. Follow the on-screen instructions to complete the task.

7. Battery Information

**Battery Life**

The battery life of the device depends on the usage. The typical battery life is up to 10 hours. To extend the battery life, reduce the screen brightness, turn off unnecessary applications, and use Wi-Fi instead of mobile data.

**Charging**

Use the provided charging cable to charge the device. Connect the cable to the charging port and the power source. The device will display the charging status.

8. Cleaning and Maintenance

**Cleaning**

Use a soft, lint-free cloth to clean the device. Do not use abrasive cleaners or solvents. Avoid cleaning the device in wet or damp conditions.

**Maintenance**

Check the device for any damage or wear. If you find any damage, contact your retailer or the manufacturer. Update the device software regularly to ensure optimal performance.

9. Specifications

Model	Color	Price
H220	Black	\$199.99
H220	White	\$199.99
H220	Blue	\$199.99
