PRODUCT OVERVIEW

- 1 Charging Panel
- 2 Easy-to-Grip Edge
- 3 Air Vent Mount (Metal Hook)
- 4 Rotating Ball Mount
- 5 USB-C Port

INSTRUCTIONS

Step 1

Connect power supply (Preferred with 9V power) via USB-C cable.
*Power supply is not included

Step 2

Turn the control knob counter-clockwise to adjust the length of metal hook.

Step 3

Attach the air vent mount by simply pushing the mount onto the blade of vehicle's air vent. Please make sure the pins are well placed on air vent blade.

Step 4

Turn the control knob clockwise to lock the metal hook to air vent until the charger is securely held on the air vent.

Step 5

Place your phone against the mount to secure to the magnets, and charging will start automatically.

SPECIFICATIONS

Model No	CTF-T-ATE-232313FRE
Product	CTF-T-ATE-232313FREBLK
Input	5V = 3A/9V = 2.22A
Output	5W/7.5W/10W/15W Max
Connector	USB-C
Charging Distance	≤6mm
Frequency Band	110k Hz - 205k Hz
Working Temperature	0 - 40°C
Storage Temperature	-10 - 60°C
Material	ABS+Stainless Steel
Size	86 x 67 x 70 (mm)
Weight	130g

Compatibility

This Wireless charging base is optimized to work with devices with Qi wireless charging technology.

Magnetic Snap function compatible with iPhone 12 and later series.

Air vent mount works best with vents that have horizontal slats.

Compatibility with various air vent

IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions and warnings prior to using this product. Improper use of this product may result in product damage, excess heat, toxic fumes, fire, or explosion, for which the purchaser and manufacturer are responsible.

- Do not store device in high-temperature environment, including heat sources and intense sunlight. Do not place device close to fire or other excessively hot environments.
- Do not expose the wireless car charger to humid environment, including rain or snow.
- Do not use the wireless car charger in excess of its output rating.
- Overloading outputs above rating may result in a risk of fire or injury to persons.
- Do not disassemble or modify this product.
- Do not attempt to power this device using any method other than the device's USB-C connector.
- Do not attempt to replace any part of this product.
- All products have gone through a thorough quality assurance inspection. If your product is found excessively hot, is emitting odor, is deformed, abraded, cut, or is experiencing or demonstrating an abnormal phenomenon, immediately stop all product use and contact manufacturer.
- To comply with FCC RF exposure compliance requirements, the wireless charging stand must be used with a separation distance of at least 20 cm from all persons.
- Purchaser agrees to defend, indemnify, and hold Manufacturer harmless for any claims or damages arising from unintended use or misuse by a minor.
- The wireless charger will automatically switch off when disconnected from power supply, switch off the wireless charging stand when not in use.
- This product is intended exclusively for use in motor vehicles.

NOTE:
This device complies with part 15 of the FCC Rules and contains licence-exempt transmitter(s)/receiver(s) that comply with from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.
The distance between user and products should be no less than 20cm.
This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different for help.

ISED STATEMENT

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
(1) This device may not cause interference.
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

AVERTENCIA IC Cet appareil contient des émetteurs / récepteurs exempts de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:
(1) Cet appareil ne doit pas causer d'interférences.
(2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

This device complies with ISED RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
avertissements radio pour les appareils portables :
L'équipement a été évalué et satisfait aux exigences générales d'exposition par radiofréquence. L'appareil peut être utilisé sans restriction dans des conditions d'exposition portables.
