CPU	Qualcomm 3003
Bluetooth Version	5.0
Bluetooth Protocol	A2DP/AVRCP/EDR/HFP/HSP
Bluetooth Work Range	10M(33 feet)
Working Frequency	2402MHz-2480MHz
Transmit Power	Class2(-6dbm-≤4 dbm)
Microphone Speaker	Bone Conducting Speaker 300Mw*2
Sound Frequency	20Hz-20KHz
Battery Capacity	150mAh, Lithium
Working Time	5 hours
Waterproof Grade	IPX5, Sweatproof
Charge Port	Micro USB

## Storage and Maintenance

1. Store your headphones in a cool, dry place. Operating temperature -10~45°C (14-113°F). Working in a cold/hot environment or in a highly humid place can reduce battery life. After storing for a long time, please charge it before use.
2. This BT headset is water resistant, but not completely waterproof. It can't be placed in water for a long time and cannot be used for diving. If there is water, wipe it off with a clean soft cloth.
3. Clean the headphones with a soft, dry cloth.
4. Keep the headphones away from any sharp objects.
5. Do not place the headphones under a very high or low temperature environment.

This device complies with part 15 of the FCC Rules. Operation is subject to the condition that this device does not cause harmful interference

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.

FCC ID: 2ASV5-EAR102

AKASO Aero Lite Bone Conduction Headphones

V1.0

AKASO

## What is Bone conduction

Bone conduction technology delivers sound through your cheekbones, ensuring your ears remain completely open to ambient sounds for maximum situational awareness during long-term wear.

## Package Contents

Bone Conduction Headphones, Noise-reducing Earplugs, User Manual, USB Charging (USB in Micro).

## Wearing Method

As shown, hand the earphones behind your neck while the speaker is attached to the cheekbones in front of your ears, rather than on your ears.

## Power On

Long press MTB for 2 seconds, Aero Lite will turn on when the LED indicator shows blue light for 1 second and voice prompt "power on" can be heard.

## Bluetooth Connection

### 1. Bluetooth Pairing

If it is the first time that your cellphone or another Bluetooth devices connect with Aero Lite, then long press the MTB for 4 seconds, Aero Lite enters into Pairing Mode, and the red and blue lights flash at the same time, with the voice prompt "pairing" can be heard.

### 2. Bluetooth Connection

Open the Bluetooth in your cellphone and enter into Bluetooth Searching Mode, when "Aero lite" appears in the BT list, then just click it. The connection is successful when the BLUE blinks on LED disappear.

Once your cellphone connected with Aero Lite for one time, it will automatically connect with your cellphone next time.

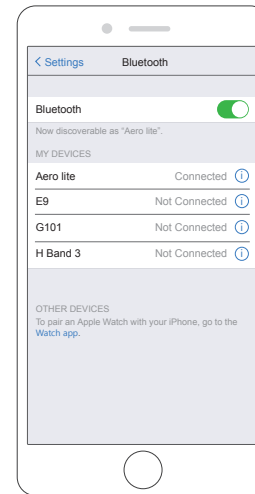

**Note:** The Bluetooth work range supports up to 10 meters, so if Aero Lite is away from 10 meters with your cellphone, it will disconnect. Aero Lite will automatically re-connect with the cellphone if it gets back into the connection range within 5 minutes. And, Aero Lite will automatically turn off if it disconnects with your phone in more than 5 minutes.

3

### 3. Multipoint Connection

Aero Lite can simultaneously connect with two cellphones at most.

- Follow above method to connect cellphone A successfully, then turn off the Bluetooth mode of cellphone A.
- Turn on Bluetooth on cellphone B, when "Aero lite" appears in the bluetooth list of your cellphone B, then click it, well, the cellphone B will connect with Aero Lite successfully.

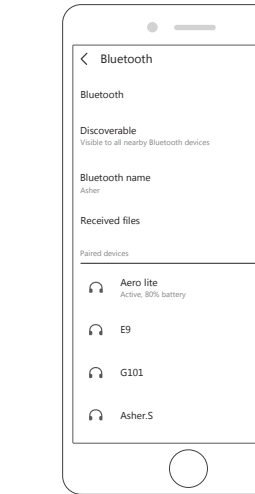

4

- Turn on the Bluetooth of Cellphone A again, Cellphone A will automatically connect with Aero Lite.

Thus, your Aero Lite simultaneously and successfully connect with two cellphones.

## Play/Pause Music

### 1. Play Music

Open one music app then choose one music to play, Aero Lite will automatically play.

**Note:** If your Aero Lite concurrently connect with two cellphones, Aero Lite can play music for only one device, and priority depends on the Bluetooth function of the phone and the music app.

### 2. Pause Music

Single press MTB once, it will pause music.

### 3. Volume Control

Single press Vol+/Vol- to increase/decrease the volume.

If the volume turn up to maximum or minimum, there will appear prompt tone "Di".

### 4. Switch Music

Long press Vol+/Vol- to switch to the previous/next song.

## Bluetooth Phone Call

### 1. Answer/End Incoming Call

When receiving an incoming call, there will have ringtone in your Aero Lite.

Short press the MTB, the call will be got through.

After answering the call, then short press the MTB again, the call will be hung up.

**Note:** If your Aero Lite concurrently connects with two cellphones, there is no priority and Aero Lite will automatically respond to the one which has phone call coming in.
