

Difference Declaration

Date: October 12, 2023

We, Tarzan Technology Co.,Ltd declare that the difference among T301F, T301G is
T301G and T301F have exactly the same PCB board, but T301G has two more tact switches
than T301F, which are used to adjust the color temperature and code function, and the
appearance of the product is also a little different.

Sincerely

Tarzan Technology Co.,Ltd
