一、 product introduction

ZigBee wireless 2.4g technology is adopted to realize local and remote intelligent control through "huayi" APP.

When smoke is detected, a voice alert is immediately issued and the user's phone is alerted.

二、 Product list

Before using this product, please check whether the goods in the package are complete, if there is a lack, please contact the after-sales center.

- 1 x products
- 1X product manual
- 1X product warranty card
- 1 x certificate
- 1 x reset pin
- 3X self-tapping screw
- 3 x expansion pipe
- 1 x CR123A batteries

三、 Installation guide (drawing sketch)

1. This product is divided into two parts: a. B. Smoke detector alarm.
2. Take 3 screws to fix the installation plate b on the ceiling or wall of the room or other places as required.
3. Load the supplied battery into body b.
4. The installation is completed by rotating the main body b onto the mounting plate a.

2、 Scan the qr code and download the HWELLYI APP。

Android

IOS

- 3、 Click "scan" in the upper right corner after registration and login.。
- 4、 Scan the qr code on the product package and immediately complete the networking (note: smart host needs to be added to the home for successful networking)。

Long press the reset button for more than 5 seconds to reset.

五、 product parameters

Product size: 83*83*43 (mm)

power supply mode: CR123A lithium battery

Communication protocol: ZigBee HA

Wireless standards: IEEE 802.15.4 (2.4GHz)

The communication rate: 250Kbps

Standby power: 2.5uA

Working humidity: 5%~85% no condensation

Working temperature: -10℃—50℃

Transmission distance: 100M (open environment)

六、 Matters needing attention

- 1、 Before installation, the product should be stored in a dustproof, moisture-proof and mildew-proof environment.
2. Slight fever occurs during the use of this product, which is a normal phenomenon.
3. The default indicator light before entering the network is red.
- 4, after the completion of the network indicator light default: colorless.
5. Please handle the product with care during installation to avoid scratching and damaging the surface of the product and affecting the appearance.
6. Remember, live installation is prohibited.

七、 Technical support

- 1、 Shenzhen Hwellyi Technology Co. , Ltd, with retained ownership.
- 2、 The contents of this document shall be provided according to the manufacturing status of the product. If there is any update, no further notice will be given.
- 3、 If you need to know more about the product and update information, please visit the official website of the product: www.hwellyi.com
- 4、 For consultation, please call the service hotline of hua yi: 400-0085-365

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
