COMPLIANCE STATEMENTS (2 PAGE)

SIDE 2

LOC8 FINDER PASSPORT WALLET SETUP WITH
APPLE'S FIND MY APP

1. Update to the latest version of iOS. Activate Bluetooth on your iPhone.

2. Press your Loc8 Wallet button once. You will hear a beep sound, indicating your device is ready for pairing.

3. Open the Apple Find My app.

4. Tap "+"; select "Add Other Item"; search for Loc8 Finder Passport Wallet.

LOCATE AN ITEM

1. In "Find My" app, tap "Items." and locate your Loc8 Finder Passport Wallet on the map.

2. Check the last known time and place of the Wallet's location.

3. Select an item from the list at the bottom to inspect closely.

4. To find a nearby item, tap "Play Sound" and listen for a chime.

5. For distant items, click "Directions" to open Maps and navigate to the last known location.

USE LOST MODE

1. Enable Lost Mode if you can't find your item. When your Loc8 Finder Passport Wallet is nearby, you will receive notifications from your Find My app.

2. Tap "Continue".

3. Follow the on-screen steps to finish setting up Lost Mode.

"Your Loc8 Finder Passport Wallet will stay associated with your Apple ID, unless you unpair it. If someone finds your item while it is in Lost Mode, they can use their iPhone or any NFC-capable device to reach you.

LONG BATTERY LIFE

The product box includes a non-replaceable and non-rechargeable lithium battery. Enjoy over 24 months' battery life.

"When the battery level is low, you will receive an urgent beep sound from the Loc8 Finder Passport Wallet. The Find My app will send a notification to your phone to remind you that the product's battery is low. You can also check the battery level of the Loc8 Finder Passport Wallet in the "Find My" app.

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: • Reorient or relocate the receiving antenna. • Increase the separation between the equipment and receiver. • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. • Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

EU Declaration of Conformity

Hereby, ALOGIC Corporation declares that this product is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following Internet address by clicking on the Compliance Documentation link: journeyofficial.com

Innovation, Science and Economic Development Canada Statement (ISED)

This device complies with Industry Canada license-exempt RSS standards). Operation is subject to the following two conditions: (1) the device may not cause interference, and (2) the device must accept any interference, including interference that may cause undesired operation of the device.

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

This device complies with Canadian ICES-003 and RSS-247.

Radiation Exposure: This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. IC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Declaration d'Innovation, Sciences et Développement économique Canada (ISED)

Cet appareil est conforme aux normes RSS sans licence d'Industry Canada. L'opération est soumise aux deux conditions suivantes: (1) cet appareil ne doit pas causer d'interférences, et (2) cet appareil doit accepter toute interférence, y compris celle susceptible de provoquer un fonctionnement indésirable de l'appareil.

Dispositif

Selon la réglementation d'Industry Canada, cet émetteur radio ne peut fonctionner qu'avec une antenne type et un gain maximum (ou inférieur) approuvés pour Industry Canada par l'émetteur. Réduire le brouillage radioélectrique potentiel avec d'autres utilisateurs, le type d'antenne et son gain doivent être choisis de façon à ce que la puissance isotrope rayonnée équivalente (P.I.R.E.) ne dépasse pas celle nécessaire pour la communication réussie.

Cet appareil est conforme aux normes canadiennes ICES-003 et RSS-247.

Exposition aux radiations: Cet équipement est conforme à la réglementation canadienne sur les radiations. Limites d'exposition établies pour un environnement non contrôlé.

Déclaration d'exposition aux radiations IC

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. L'appareil peut être utilisé sans restriction dans des conditions d'exposition portables.
