Solder Board-Component View 8	 A photograph of a green printed circuit board (PCB) component, labeled '8', placed on a blue textured surface. The component is rectangular with a notch on the right side. It features several solder pads and a small white circular mark. A metal ruler is positioned vertically to the left of the component, showing a scale from 1 to 12 cm. Another metal ruler is positioned horizontally below the component, showing a scale from 1 to 13 cm. The component is oriented with its longer side parallel to the vertical ruler.
Solder Board-Component View 9	 A photograph of a green printed circuit board (PCB) component, labeled '9', placed on a blue textured surface. The component is rectangular with four mounting holes at the corners. It features a central integrated circuit (IC) and various other electronic components, including resistors and capacitors. A metal ruler is positioned vertically to the left of the component, showing a scale from 1 to 9 cm. Another metal ruler is positioned horizontally below the component, showing a scale from 1 to 10 cm. The component is oriented with its longer side parallel to the vertical ruler.
