

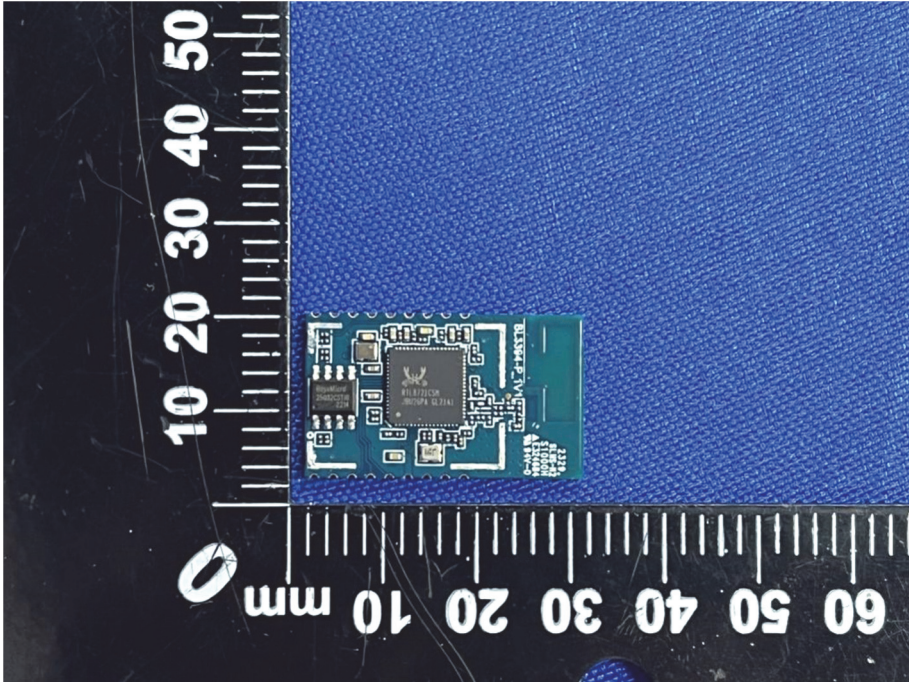

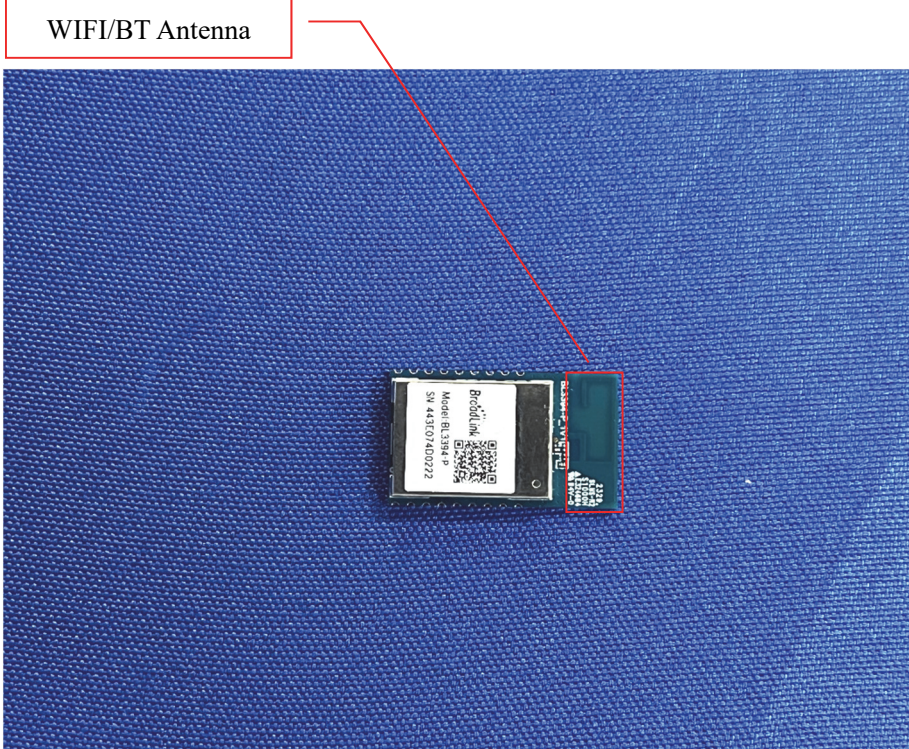

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>Solder Board-Component View 1</p>	 <p>A photograph of a small green printed circuit board (PCB) component, likely a Wi-Fi/BT antenna, mounted on a blue textured surface. A black ruler with white markings is placed to the left and bottom of the component for scale. The ruler shows measurements in millimeters, with the top edge marked from 0 to 50 and the bottom edge marked from 0 to 60. The component itself is rectangular and features a central square chip with a circular logo and some text. The text on the component includes 'C-MARK', 'QUALITY', 'WARRANTY', and '44111'.</p>
<p>Antenna View</p>	 <p>A close-up photograph of the same green PCB component, showing the white label on the top surface. The label contains the following information: 'Broadcom', 'Model: BL3194-P', and 'SN: 44307140222'. A red box highlights the bottom edge of the component, and a red line points from a label 'WIFI/BT Antenna' to this highlighted area. The component is mounted on a blue textured surface.</p>
