

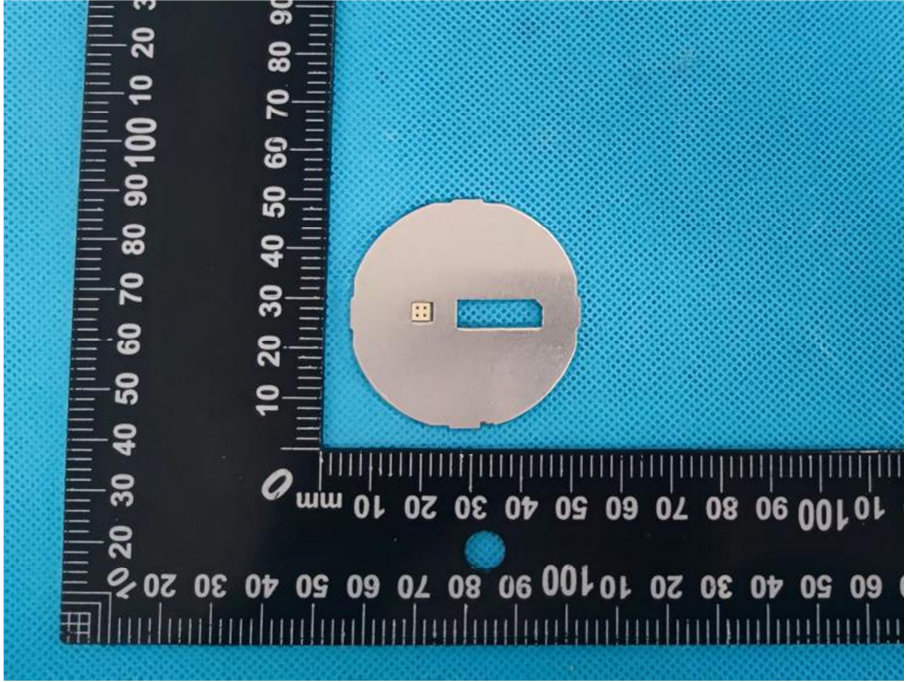

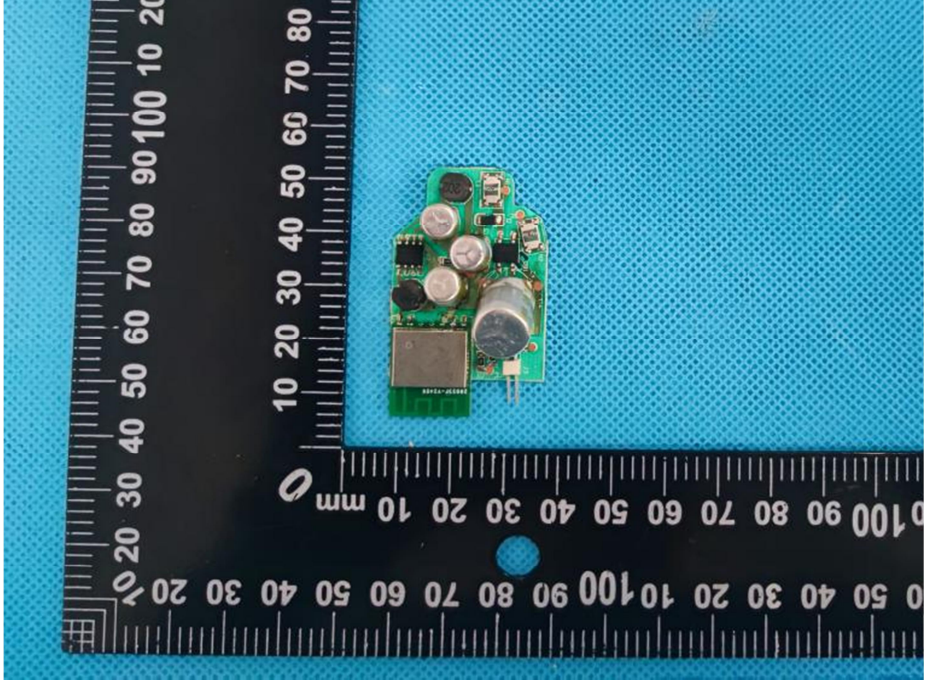

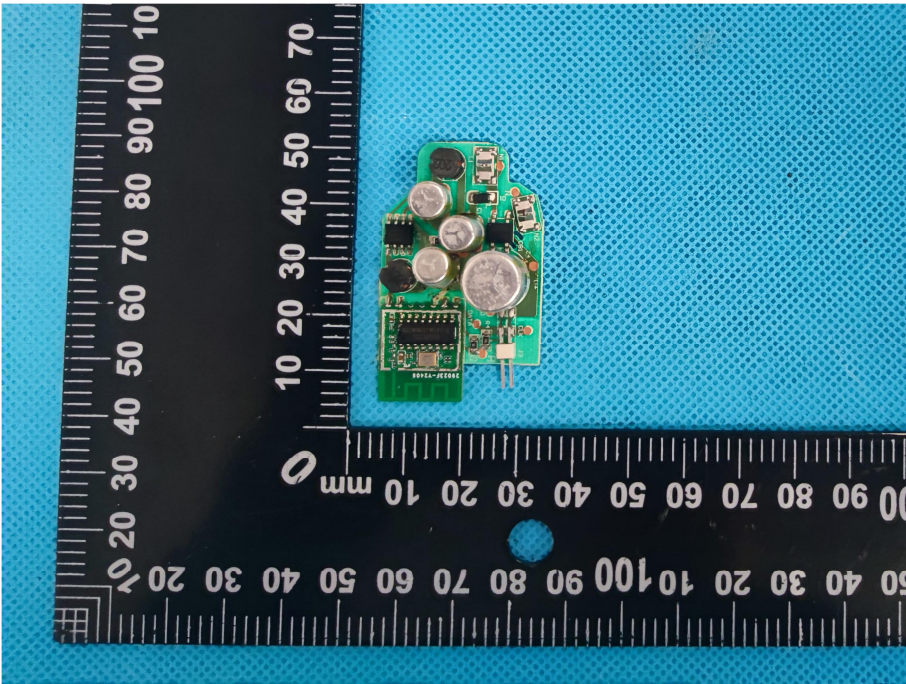

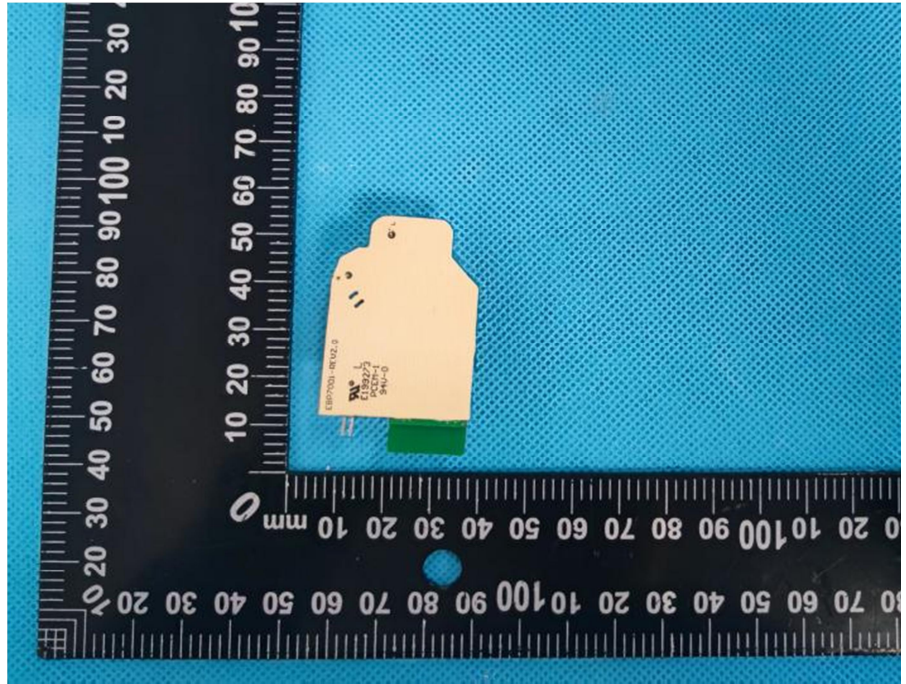

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p><b>EUT Housing and Board View 1</b></p>	 <p>A photograph showing the EUT housing and board view 1. The housing is a white, circular, dome-shaped component. The board is a circular printed circuit board (PCB) with various components, including a central integrated circuit (IC) and several surface-mount components. The components are labeled with alphanumeric codes. The board is placed on a blue textured surface next to a black ruler for scale. The ruler shows measurements in millimeters, with markings every 10 mm and sub-markings every 1 mm.</p>
<p><b>Solder Board-Component View 1</b></p>	 <p>A photograph showing the Solder Board-Component View 1. This is a close-up view of the circular PCB, focusing on the solder joints and components. The board is placed on a blue textured surface next to a black ruler for scale. The ruler shows measurements in millimeters, with markings every 10 mm and sub-markings every 1 mm.</p>

<p><b>Solder Board-Component View 2</b></p>	
<p><b>Solder Board-Component View 3</b></p>	

<p><b>Solder Board-Component View 4</b></p>	 A photograph of a green printed circuit board (PCB) component, identified as 'View 4'. The component is rectangular and populated with several electronic components, including three large silver electrolytic capacitors, a smaller black capacitor, and a central integrated circuit (IC). The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length being approximately 45 mm and its width approximately 25 mm.
<p><b>Solder Board-Component View 5</b></p>	 A photograph of the same green PCB component, identified as 'View 5'. This view shows the reverse side of the board, which is mostly blank except for a small green component and some solder joints. The board is placed on the same blue textured surface next to the same black ruler. The ruler shows measurements in millimeters, with the component's length being approximately 45 mm and its width approximately 25 mm.
