

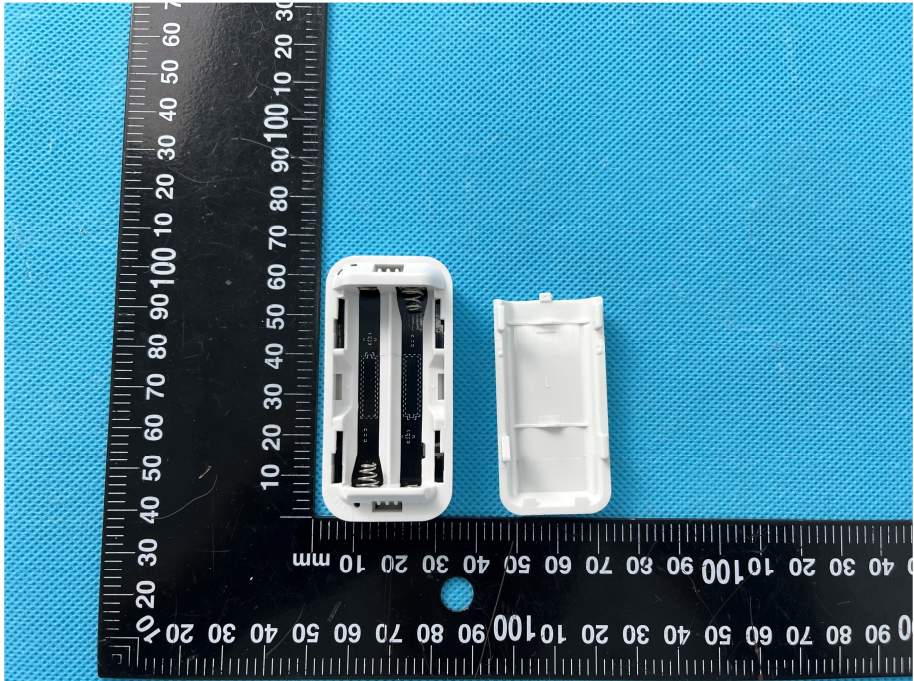

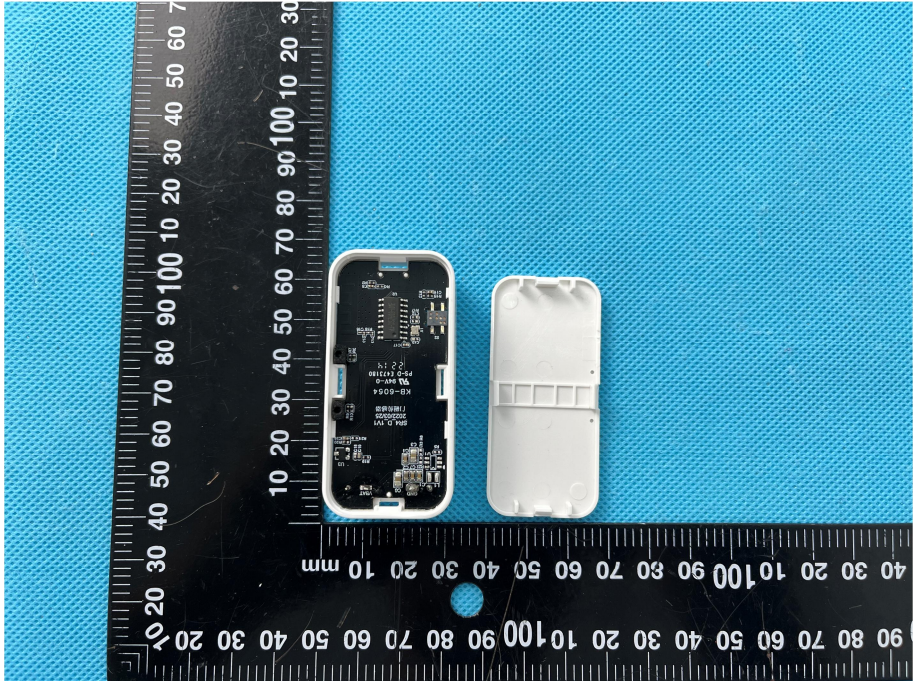

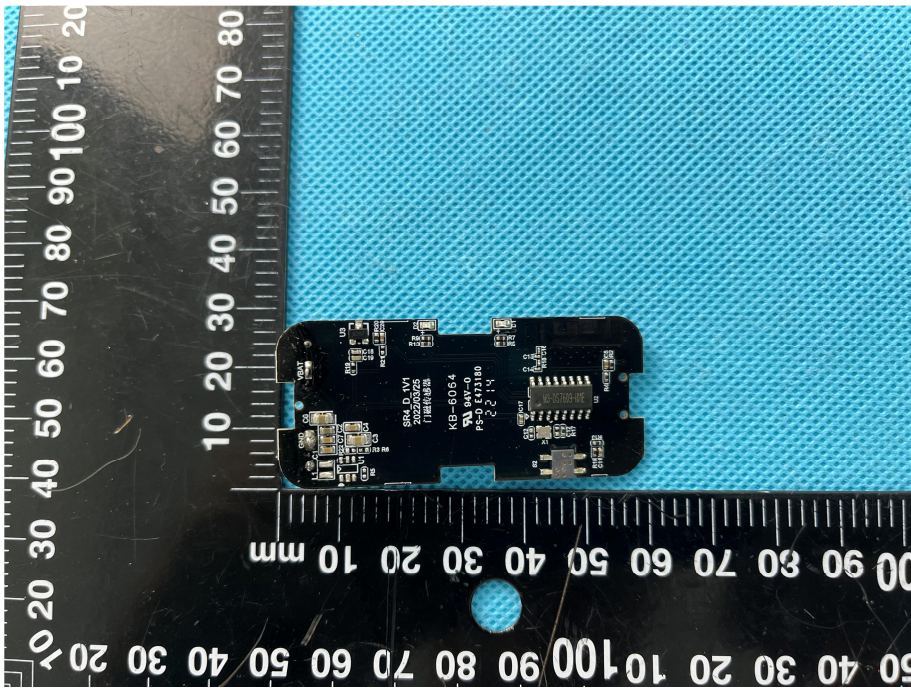

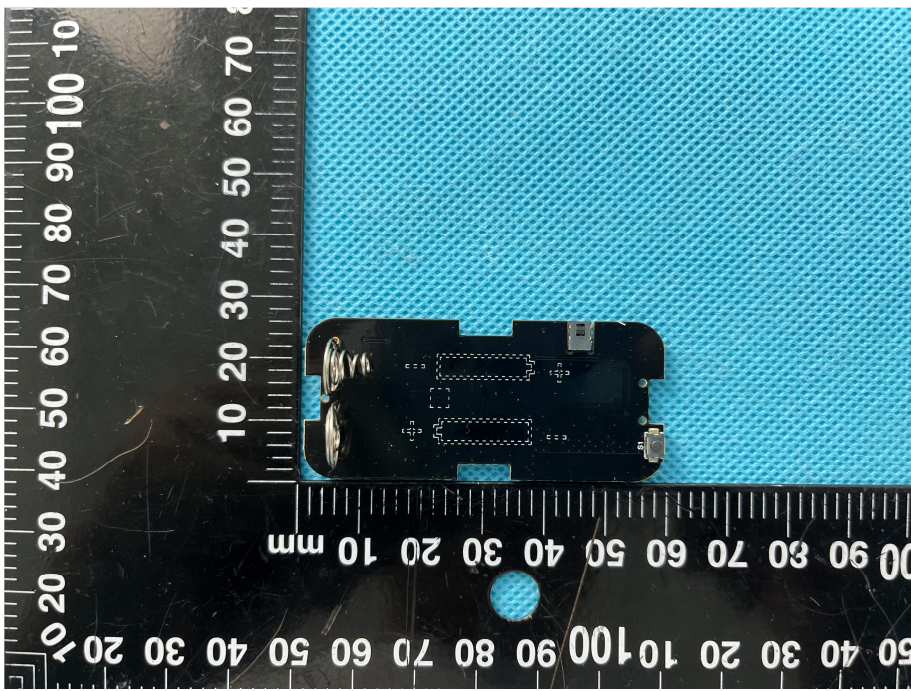

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	
<p>EUT Housing and Board View 2</p>	

<p style="text-align: center;">Solder Board-Component View 1</p>	 <p>A photograph showing the top view of a small, dark-colored printed circuit board (PCB) component. The component is rectangular with rounded corners and features several surface-mounted components, including a large integrated circuit (IC) in the center, a smaller IC on the right, and various passive components like resistors and capacitors. The board is placed on a black surface with a white ruler for scale. The ruler shows markings in millimeters, with the component's length being approximately 40 mm and its width approximately 20 mm. The background is a light blue textured surface.</p>
<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph showing the bottom view of the same PCB component. The board is dark-colored and features a large, rectangular, light-colored area in the center, which appears to be a solder mask or a specific component layout. The board is placed on a black surface with a white ruler for scale. The ruler shows markings in millimeters, with the component's length being approximately 40 mm and its width approximately 20 mm. The background is a light blue textured surface.</p>
