Important Safety Instructions

WARNING - When using this product, basic precautions should always be followed, including the following:

- a) Read all manufacturers instructions before using this product.
- b) To reduce the risk of injury, close supervision is necessary when the product is used near children.
- c) Do not put fingers or hands into the product.
- d) Do not expose charging stand to moisture, rain, or snow.
- e) Use of a power supply or charger not recommended or sold by charging stand manufacturer may result in a risk of fire or injury to persons.
- f) Do not use the charging stand in excess of its output rating. Overloaded outputs above rating may result in a risk of fire or injury to persons.
- g) Do not disassemble the charging stand. Take it to a qualified service person when service or repairs are required. Incorrect reassembly may result in a risk of fire or injury to persons.
- h) Do not expose the charging stand to fire or excessive temperature. Exposure to fire or temperature above 122°F may cause explosion. The charging stand's working temperature is ≤104°F.

FCC ID:2ATGY-AWC1052, IC:25088-AWC1052

FCC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

FCC Supplier's Declaration of Conformity

Product name:Charging Stand for Apple Watch

MODEL NUMBER: AWC1052, AWC1052AW, AWC1052SG, AWC1052XX (X would be any Arabian number or English letter or blank)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
