Features

- 1 - Qi Wireless Surface
- 2 - LED Charge Indicator
- 3 - USB-A Output
- 4 - DC Power In
- 5 - USB-C Output

Technical Specifications

Model: AWC1053AW
 Input: DC 15V /3.5 A
 Output: Qi 10W / 7.5W / 5W, 12W USB-A, USB-C
 Output DC PD 3.0, 5V/3A, 9V/2A, 12V/1.5A
 Compatibility: iPhone® Xs Max, iPhone Xs, iPhone XR, iPhone 8, iPhone 8 Plus, iPad Pro®.
 Also supports up to 10W for Qi-enabled devices.
 Charge Indicator: White/amber LED indicator
 Dimensions: 3.54 x 4.25 x 3.54 inches
 Weight: 7.58 oz.
 Model: CHG1096
 Input: AC 110-240V, 50-60 Hz
 Output: 52.5W 15V / 3.5A DC-DC
 Dimensions: 2.28 x 2.28 x 1.06inches
 Weight: 3.35 oz.

Warranty

At Ubio Labs, we are dedicated to designing and manufacturing products with superior performance and 100% customer satisfaction. All of our products come with a 1 year limited warranty from date of purchase.

We are always improving our products' features and functionality. We reserve the right to change specifications at any time without notice.

SAVE THESE INSTRUCTIONS

Important Safety Instructions

WARNING - When using this product, basic precautions should always be followed, including the following:

- a) Read all manufacturers instructions before using this product.
- b) To reduce the risk of injury, close supervision is necessary when the product is used near children.
- c) Do not put fingers or hands into the product.
- d) Do not expose wireless stand to moisture, rain, or snow.
- e) Use of a power supply or charger not recommended or sold by wireless stand manufacturer may result in a risk of fire or injury to persons.
- f) Do not use the wireless stand in excess of its output rating. Overloaded outputs above rating may result in a risk of fire or injury to persons.
- g) Do not disassemble the wireless stand. Take it to a qualified service person when service or repairs are required. Incorrect reassembly may result in a risk of fire or injury to persons.
- h) Do not expose the wireless stand to fire or excessive temperature. Exposure to fire or temperature above 122°F may cause explosion. The wireless stand's working temperature is ≤104°F.
- i) Have service performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.

Model: AWC1053AW & AWC1053SG

FCC ID:2ATGY-AWC1053, IC:25088-AWC1053

FCC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning

the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

FCC Supplier' s Declaration of Conformity

Product name:Wireless Charging Pad
