Important Safety Instructions

This device complies with Part 15 of
the FCC Rules. Operation is subject
to the following two conditions: (1)
this device may not cause harmful
interference, and (2) this device
must accept any interference
received, including interference that
may cause undesired operation.

Caution: The user is cautioned that
changes or modifications not
expressly approved by the party
responsible for compliance could
void the user's authority to operate
the equipment.

Note: This equipment has been
tested and found to comply with the
limits for a

Class B digital device, pursuant to
part 15 of the FCC Rules. These
limits are designed to provide
reasonable protection against
harmful interference in a residential
installation. This equipment
generates, uses, and can radiate
radio frequency energy and, if not
installed and used in accordance
with the instructions, may cause
harmful interference to radio
communications. However, there is
no guarantee that interference will
not occur in a particular installation.
If this equipment does cause
harmful interference to radio or

television reception, which can be
determined by turning the
equipment off and on, the user is
encouraged to try to correct the
interference by one or more of the
following measures:
—Reorient or relocate the receiving
antenna.
—Increase the separation between
the equipment and receiver.
—Connect the equipment into an
outlet on a circuit different from that
to which the receiver is connected.
—Consult the dealer or an
experienced radio/TV technician for
help.

This device complies with Industry
Canada licence-exempt RSS
standard(s). Operation is subject to

the following two conditions: (1) This
device may not cause interference,
and (2) This device must accept any
interference, including interference
that may cause undesired operation
of the device.

Le présent appareil est conforme
aux CNR d'Industrie Canada
applicables aux appareils radio
exempts de licence.

L'exploitation est autorisée aux
deux conditions suivantes:

(1) l'appareil ne doit pas produire de
brouillage, et (2) l'utilisateur de
l'appareil doit accepter tout
brouillage radioélectrique subi,
même si le brouillage est

susceptible d'en compromettre le
fonctionnement.

The device has been evaluated to
meet general RF exposure
requirement. To maintain
compliance with RSS102 — Radio
Frequency (RF) Exposure
guidelines, this equipment should
be installed and operated with a
minimum distance of 20cm
between the radiator and your
body.

Cet équipement est conforme aux
limites d'exposition de
rayonnement d'IC RSS-102
déterminées pour un environne-
ment non contrôlé. Cet équipement
devrait être installé et actionné avec

la distance minimum 20 cm entre le
radiateur et votre corps.
