Power

10,000mAh Universal
Portable Wireless Charger

User Manual and Safety Instructions

Before First Use:

Connect your power bank using a USB-C or Lightning® cable into a wall charger or your phone. The battery indication LEDs will light up and you are ready to go.

Sleep Mode / Shake to Wake

Power bank goes into sleep mode after 5 seconds when not in use. Shake to wake the power bank to read battery indicator.

Portable Charger Features

Features

- 1 - Qi Wireless Surface
- 2 - Wireless Charge Indicator
- 3 - Lightning Input
- 4 - USB-C Input/Output
- 5 - USB-A Output
- 6 - LED Charge Indicators
- 7 - LED Battery Display

Technical Specifications

Component: PWB1085
Cell Type: Lithium Ion Polymer, 10,000mAh
Input 1: Lightning 5V, 1.8A
Input 2: USB-C 5V, 2.4A
Output 1: USB-C 15W 5V, 3.0A
Output 2: USB-A 12W 5V, 2.4A
Output 3: 5W Qi Wireless
Battery Indicator: 7-Segment, 3 digit LED
Dimensions: 137 x 65.5 x 18.4 mm (5.4 x 2.6 x .7 in)
Weight: 250g (8.82 oz)

Your wireless power bank is designed to provide optimal power delivery for your wireless device: Up to 5W wireless charging for Wireless Charging Case for AirPods® and other compatible devices

Wireless Charging Case for AirPods and Lightning are trademarks of Apple Inc., registered in the U.S. and other countries.

Warranty

At Ubio Labs, we are dedicated to designing and manufacturing products with superior performance and 100% customer satisfaction. All of our products come with a 1 year limited warranty from date of purchase.

We are always improving our products' features and functionality. We reserve the right to change product specifications at any time without notice.

Important Safety Instructions

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNING – When using this product, basic precautions should always be followed, including the following:

- a) Read all the instructions before using the product.
- b) To reduce the risk of injury, close supervision is necessary when the product is used near children.
- c) Do not put fingers or hands into the product.
- d) Do not expose power bank to rain or snow.
- e) Use of a power supply or charger not recommended or sold by power bank manufacturer may result in a risk of fire or injury to persons.

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

- f) Do not use a power bank in excess of its output rating. Overloaded outputs above rating may result in a risk of fire or injury to persons.
- g) Do not use a power bank that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
- h) Do not disassemble the power bank. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury to persons.
- i) Do not expose the power bank to fire or excessive temperature. Exposure to fire or temperature above 100°C/212°F may cause explosion.
- j) Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.
- k) Switch off the power bank when not in use.

CAUTION: Risk of Fire and Burns. Do Not Open, Crush, Heat Above 45°C or Incinerate. Follow Manufacturer's Instructions.

ISED/IC warning

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada licence-exempt RSS(s). Operation is subject to the following two conditions:

- 1. This device may not cause interference.
- 2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- 1. L'appareil ne doit pas produire de brouillage.
- 2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'empêcher le fonctionnement.

This equipment complies with ISED/IC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet équipement est conforme aux limites d'exposition aux rayonnements RF de l'ISED définies pour un environnement non-

contrôlé. Cet émetteur ne doit pas être situé ou fonctionner conjointement avec une autre antenne ou un autre émetteur.
