Room 102, Building P09, South China City
Electronic trading center, Longgang District,
Shenzhen, Guangdong, 518111, CN

CE FC RoHS Made in China

Getting Started
1. Turn on your computer
2. Plug the USB receiver into a USB port on your computer
3. Turn on the mouse with the on/off switch on the bottom
4. Wait for a few seconds until your computer recognizes the mouse before use
5. To use it as a wired mouse and also to charge the mouse battery, connect the mouse to your computer with the included cable

Notes
● With the on/off switch in the middle position, the mouse is on but the logo light is off
● You can use the mouse in wired mode even if the on/off switch is in the off position

Size: 16 x 12 mm

FCC Warning
This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference; and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

NOTE 2:
Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
