PAD Parameter

Module	Description	Spec.
CPU	CPU	1.2G
Memory	RAM	1GB
Storage	ROM	8GB
LED	Dim of LED	10.1", 1280*800 high resolution
Touch screen		mid
Data transfer	WIFI	Support 802.11ac/a/b/g/n agreement, 5G/2.4 frequency band
	BT	Ble 4.2
	Serial port	TTL, full duplex
Button	Voice +	*1
	Voice -	*1
	StandBy/Power off	*1
Media	Speaker	*1, Built in, 2W
	Earphone	*1, 3.5mm, four-part
USB interface	MICRO USB interface	*1, only support HOST, Not support Device either charge
Power	Interface	12V/1.5A, plug in
Dim.	Dim of product	258mm*160mm*30mm
OS:	System version	Android 6.0

Remark: MAX temperture 45degree.

INSPIRE APP

Function:

INSPIRE APP is only used for connecting with INSPIRE spin bike products, after connection, all the data from your work out will be saved on APP, In order to track workout record, which also providing more efficient workout .

You can also follow our on-line class, this guide will help you to understand more about how to use our spin bike.

Live Class

INSPIRE provides the live class on APP, you can check the APP and join the class . Even you stay home , you can do workout.

Workout Data

All workout data will be saved on APP, including distance、resistance、Watt、Heart rate(when you have chest belt with you). You can review all the workout data before you start workout again next time.

Reminder: All your information you provided when login must be correct: like Gender、Age、Height、Weight must be correct

APP download:

Scan the barcode on spin bike, you will find our APP and get connected.

FCC Statement

15.19

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

15.21

Note: The grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. Such modifications could void the user's authority to operate the equipment.

15.105(b)

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

RF Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body.
