7. Specification 产品规格

Driver size: 40mm Ironless™ Driver

Frequency response range: 20-40KHz (Line in)/ 20-20KHz (Bluetooth)

Connections: USB-C to 3.5mm for audio, USB-C to USB-A cable for charging

Support: BT 5.0, SPP v1.0, HFP v1.6, A2DP v1.3.1, AVRCP v1.6

Bluetooth transmitter frequency range: 2.402-2.480GHz

Bluetooth transmitter power: <4dBm

Battery: Rechargeable lithium ion rectangle cell (3.7V, 800mAh)

Playback time (BT): Up to 100 hours

喇叭尺寸： 40mm无铁喇叭

频响范围： 20-40KHz (插线)/ 20-20KHz (蓝牙)

连接方式： USB-C 到 3.5mm 的音频线, USB-C 到 USB-A 充电线

支持模式： BT 5.0, SPP v1.0, HFP v1.6, A2DP v1.3.1, AVRCP v1.6

蓝牙频率： 2.402-2.480GHz

蓝牙功率： <4dBm

电池规格： 可充电聚合物锂离子电池（3.7V，800毫安时）

播放时间：（蓝牙模式）长达100小时

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
