Statement and explanations

The host TMX08 (FCC ID: **2ATV9TMX08**) is a new product with one certified module integrated, just disable GSM and NB-IoT Band by software base on the integrated module Quectel BG96 (Module ID: XMR201707BG96).

This module is a single modular and it was integrated into the host that not any effect on RF performance. The module conducted power can be re-used due to the power is verified to the same. And considering the antenna is designed for the host (TMX08) when the module is integrated in the host, we have performed MPE for the host and the ERP/EIRP and RSE re-tested. Please refer to the lab test results accordingly.

Should you have any question or comment regarding this matter, please have my best attention.

Sincerely yours,

Huitao Liu
