### Cautions

**Please refer to the following precautions before installing and using this product:**

1. Use a certified power adapter to power the wireless charger.
2. When charging, please ensure that there is no metal foreign matter between the wireless charger and the mobile phone, so as to avoid the metal foreign matter being heated by mistake.
3. Do not place magnetic cards such as bank cards and bus cards in the charging area to avoid damaging the cards.
4. In order to obtain a better wireless charging experience, do not exceed the maximum charging distance of the product.
5. Please do not expose this product to sunlight or continuous high temperature environment above 35°C.

### Product Failure Table

Troubles	Cause	Troubleshooting
Wireless Charging Not Working	1. Incorrect power supply 2. Poor power interface contact	1. Replace with correct adapter 2. Re-plug power port
Wireless Charging is Slow	Have significant increase in temperature when wireless charging	Wait until it has cooled down to room temperature, before using the product

### Hazardous Substance Declaration

This mark is the product pollution control mark, the number of which represents the environmental service life. In this period of time, under normal conditions of use harmful substances will not cause greater pollution to the environment or damage to human life and property.

Name of parts	Hazardous substance					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent Chromium (Cr(VI))	Polybrominated biphenyls (PBB)	Polybrominated diphenyl ethers (PBDE)
Electronic components	×	○	○	○	○	○
Plastic casing	○	○	○	○	○	○
Electroplated aluminum alloy parts	○	○	○	○	○	○
Non-electroplated metal parts	○	○	○	○	○	○
Double faced adhesive tape	○	○	○	○	○	○
Synthetic cork	○	○	○	○	○	○
Silicon parts	○	○	○	○	○	○

This form is in term of Stipulation SJ/T 11364  
 ○ It means that the content of the harmful substance in a part of the part is lower than the limit requirements specified in GB/T 26572.  
 × It means that the content of the harmful substance in a part of the part exceeds the limit requirements specified in GB/T 26572.

### Product Warranty

Wireless charger product after-sales service strictly in accordance with Law of the PRC on the Protection of the Rights and Interests of Consumers, and Product Quality Law of the People's Republic of China Adopted to provide After-sales service.

- The services are as follows:
1. Within 7 days from the next day after purchase (sign for), if this product has performance failure, you can enjoy free return or exchange service after being tested and determined by the after-sales service center;
  2. Within 15 days from the next day after you purchase (sign for), if this product has performance failure, you can enjoy free exchange or repair service after being tested and determined by the after-sales service center;
  3. Within 1 year from the next day after you purchase (sign for), if this product has performance failure, you can enjoy free repair service after being tested and determined by the after-sales service center.

### Non warranty regulations

- In one of the following cases, we don't offer three guarantees and only charging maintenance will be provided:
1. Damage caused by improper use, maintenance and storage of consumers;
  2. Damage caused by unauthorized service provider;
  3. There is no valid invoice or proof of purchase;
  4. Damage caused by majeure.

### FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
 (1) This device may not cause harmful interference, and  
 (2) This device must accept any interference received, including interference that may cause undesired operation.  
 Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.  
 NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
 Reorient or relocate the receiving antenna.  
 Increase the separation between the equipment and receiver.  
 Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
 Consult the dealer or an experienced radio/TV technician for help.

Manufacturer: GCTeq Wireless (Shenzhen) Co., Ltd  
 Website: <http://www.gcteq.com>

Checked  
 Certificated of qualification

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

GF-18Lite series  
 Multifunctional POP-UP charger

User manual

### Product description

### Installation

1. Board hole diameter φ70mm, as shown below.

2. Place the product into the hole, then tighten the plastic nut to secure the product.

### Installation

Product name	Multifunctional POP-UP charger	
Model	GF-18Lite-12V	GF-18Lite-38V
Input	DC12V	DC24-36V
Input connector	DC	01
Type-C Output	10W Max	
USB-A Output	10W Max	
USB-A+Type-C Output	Total 10W	
Wireless charging	Output	10W Max
	Magnetic	15W Max
Standard	Refer to GB4943.1 latest specification	
Size	φ80mm, H:50mm	

### Parts list

Name	Quantity
GF-18wireless charging	1Pcs
Plastic nut	1Pcs

### Features

1. Small and delicate appearance, pressing design, does not take up space, suitable for different furniture products.
2. Embedded installation design, simple and convenient, better integrated with furniture.
3. Includes wireless charging, USB-A and Type-C charging, intelligent power distribution, and supports simultaneous charging of multiple devices.
4. Support all Qi wireless charging mobile phones, compatible with Apple 7.5W, Samsung 10W and other mainstream wireless fast charging protocols.
5. Wide voltage design, can be applied to sofa, electric bed and lifting table and other furniture.
