

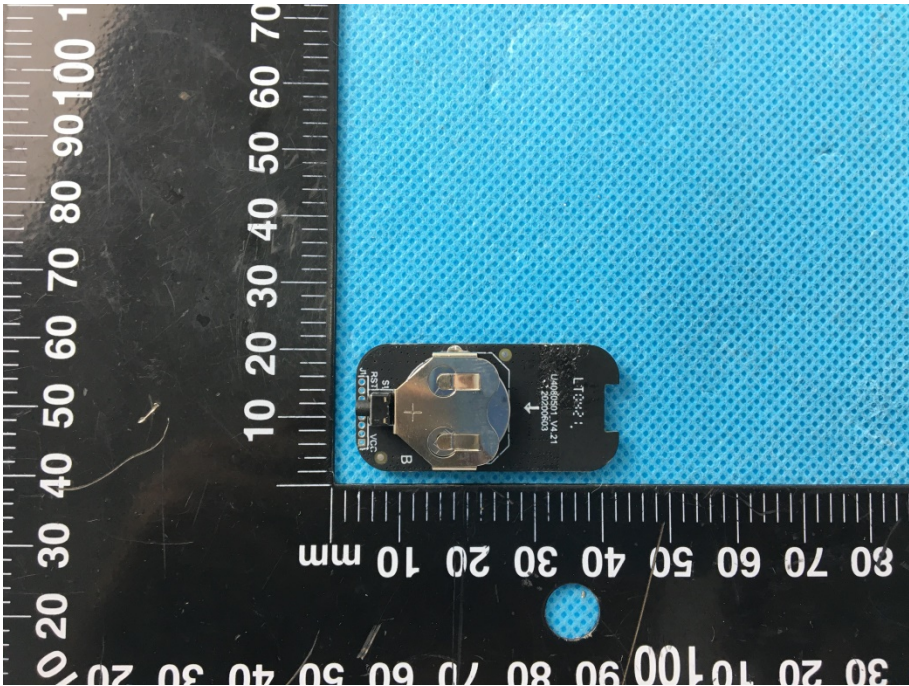

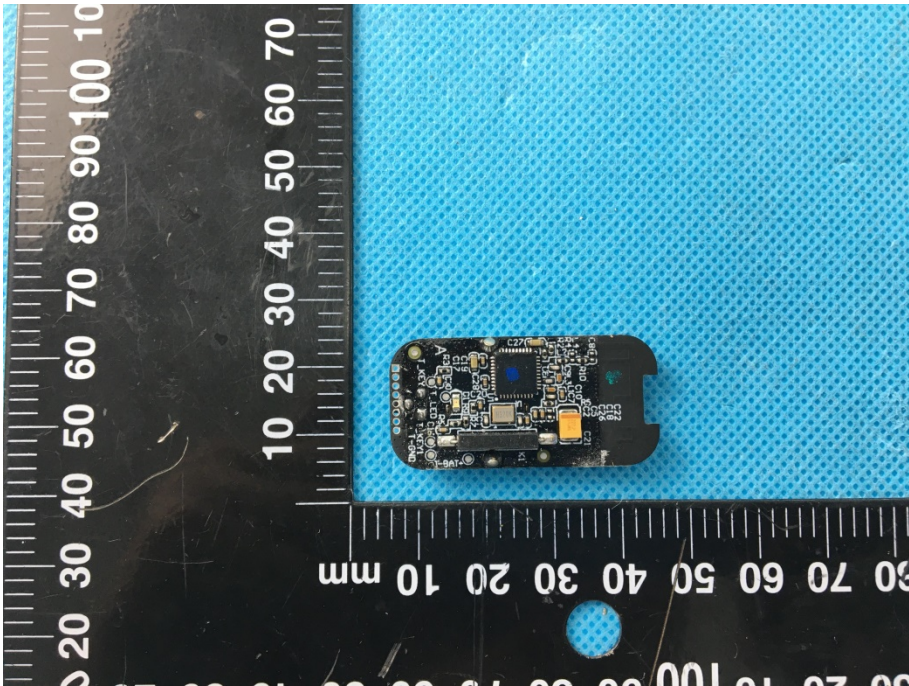

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p style="text-align: center;"><b>Solder Board-Component View 1</b></p>	 A photograph showing a small, dark, rectangular component with a circular solder pad on its top surface. The component is placed on a blue perforated mat. A black ruler with white markings is visible on the left and bottom, showing measurements in millimeters. The component is positioned between the 10mm and 20mm marks on the ruler.
<p style="text-align: center;"><b>Solder Board-Component View 2</b></p>	 A photograph showing the same component from a different angle, revealing its underside. The underside is a complex printed circuit board (PCB) with various electronic components, including a microcontroller, capacitors, and other surface-mount devices. The component is placed on the same blue perforated mat. A black ruler with white markings is visible on the left and bottom, showing measurements in millimeters. The component is positioned between the 10mm and 20mm marks on the ruler.
