

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**CAUTION:**

Changes or Modifications not expressly approved by the party responsible could void the user's authority to operate this device.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help

The device has been evaluated to meet general RF exposure requirement.

#### SAFETY PRECAUTIONS

- | Do not operate during thunderstorms or rain.
- | Avoid water, sand, and snow when operating car.
- | Never operate your car on the street or highway.
- | Do not submerge car or controller in water.
- | Never operate your car in a confined or crowded area, and do not use people or animals as obstacles.
- | Do not run your car into furniture, objects, or hard surfaces, as this will cause damage to both the objects and the car.
- | Do not leave car or transmitters near sources of heat or under direct sunlight for long periods of time.
- | Keep fingers, hair, and loose clothing away from the tires, gears, and motor while the car is switched to "ON".
- | Do not leave car or transmitters outside overnight. Dampness is harmful to interior components.
- | Remove all batteries when not in use to avoid accidental operation
- | Adult supervision is recommended when operating this car.
