

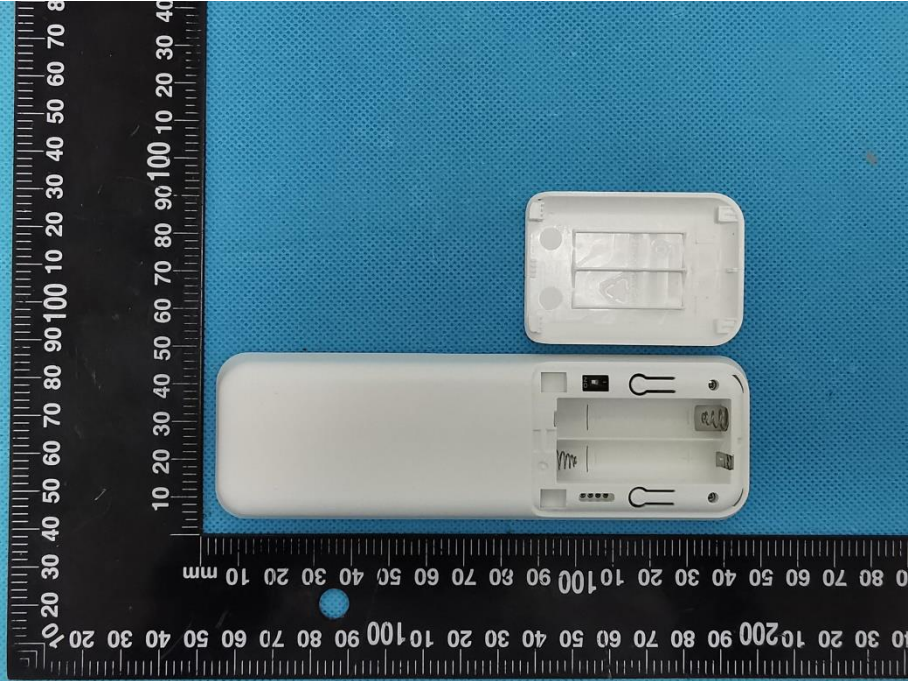

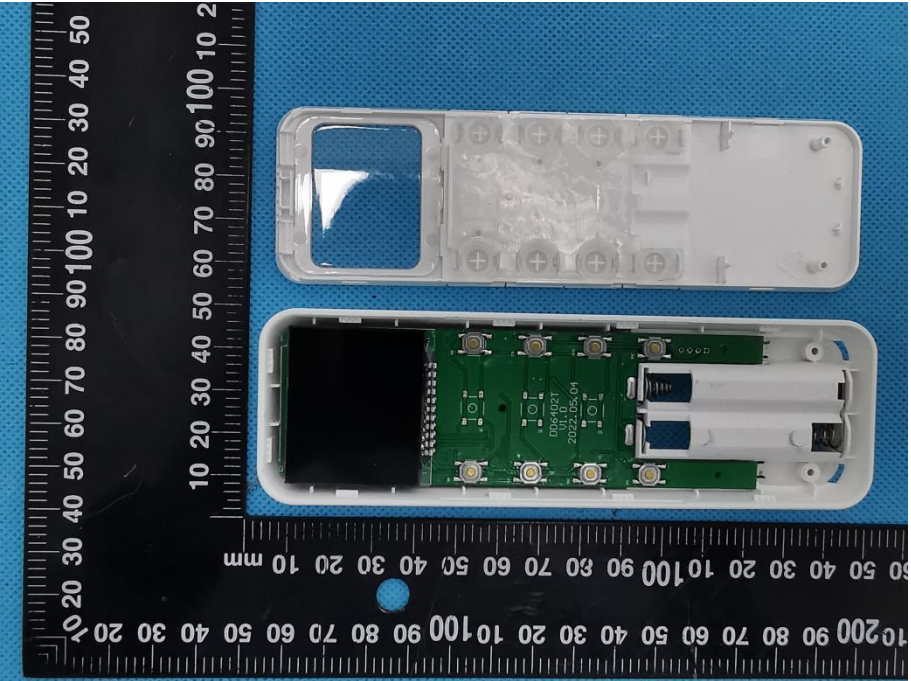

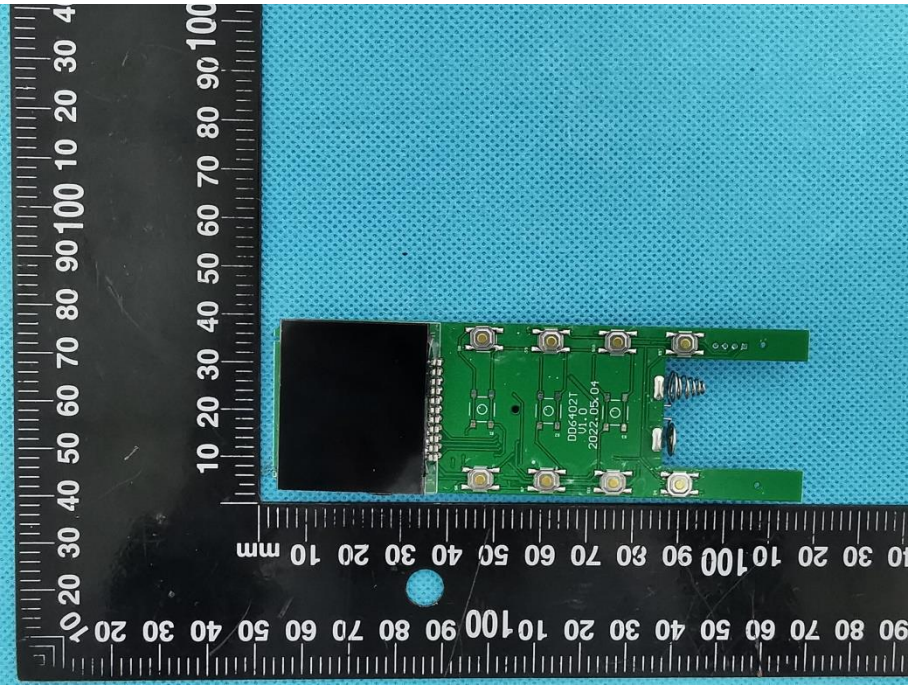

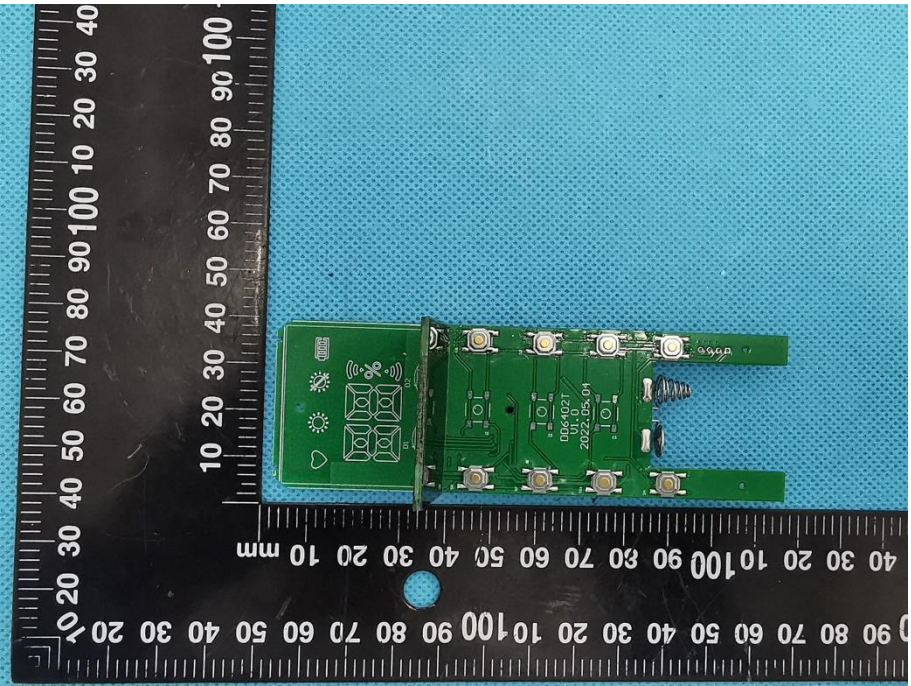

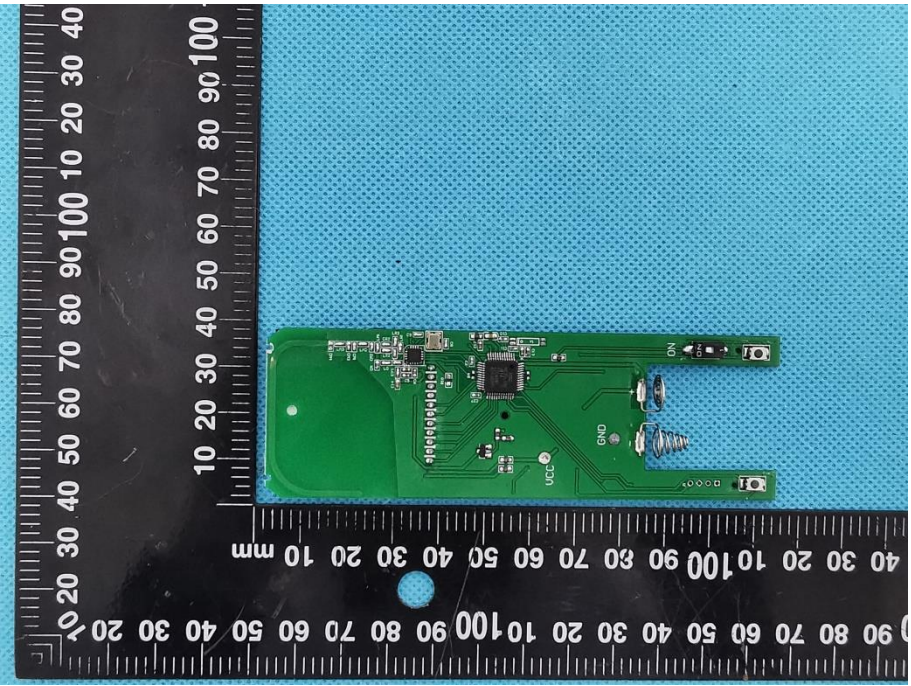

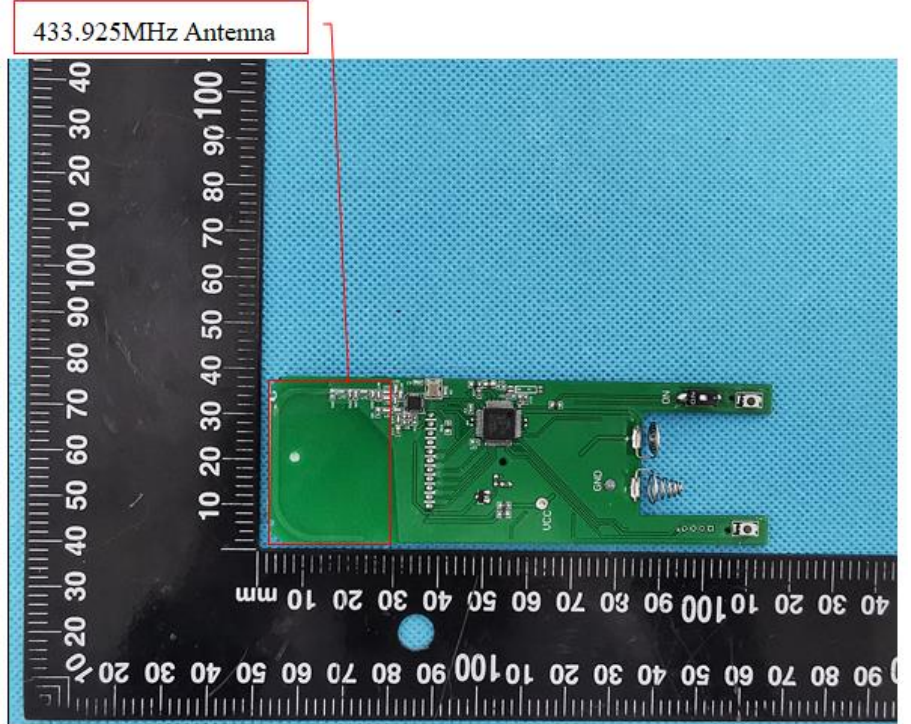

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p><b>EUT Housing and Board View 1</b></p>	
<p><b>EUT Housing and Board View 2</b></p>	

<p style="text-align: center;"><b>Solder Board-Component View 1</b></p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'DPG402T U1.0 2022.05.04', mounted on a blue textured surface. The component is positioned vertically between two black rulers. The ruler on the left shows a scale from 0 to 100 mm, and the ruler on the right shows a scale from 0 to 100 mm. The component features several gold-plated pins and a central spring mechanism.</p>
<p style="text-align: center;"><b>Solder Board-Component View 2</b></p>	 <p>A photograph of the same green PCB component, labeled 'DPG402T U1.0 2022.05.04', mounted on a blue textured surface. The component is positioned vertically between two black rulers. The ruler on the left shows a scale from 0 to 100 mm, and the ruler on the right shows a scale from 0 to 100 mm. The component features several gold-plated pins and a central spring mechanism. A small white label with a QR code and other markings is attached to the top of the component.</p>

<p style="text-align: center;"><b>Solder Board-Component View 3</b></p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 3'. The board is positioned on a blue textured surface. A black ruler with white markings is placed vertically to the left of the board, showing measurements in millimeters. The board features various electronic components, including a central microcontroller, several resistors, and a small antenna structure. Labels 'UCC', 'GND', and 'D000' are visible on the board. The ruler shows the board is approximately 100 mm long and 40 mm wide.</p>
<p style="text-align: center;"><b>Antenna View</b></p>	 <p>A photograph of the same green PCB component, labeled 'Antenna View'. A red rectangular box highlights the antenna structure on the board. A red line points from the text '433.925MHz Antenna' in a white box above the board to the highlighted antenna. The board is placed on a blue textured surface with a black ruler to the left for scale. The ruler shows the board is approximately 100 mm long and 40 mm wide. Labels 'UCC', 'GND', and 'D000' are visible on the board.</p>
