

<p style="text-align: center;">Solder Board-Component View 6</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 6'. The board is rectangular and populated with various electronic components including resistors, capacitors, and integrated circuits. It features several connectors: a multi-pin connector on the left edge, a USB port on the right edge, and a circular connector at the bottom right. The board is placed on a blue textured surface. Two rulers are used for scale: a vertical ruler on the left showing centimeters from 1 to 11, and a horizontal ruler at the bottom showing centimeters from 1 to 13. The board's length is approximately 10.5 cm and its width is approximately 2.5 cm.</p>
<p style="text-align: center;">Solder Board-Component View 7</p>	 <p>A photograph of a green PCB component, labeled 'Solder Board-Component View 7'. The board is circular with a central hole and is populated with electronic components. It features a USB port on the left side and a multi-pin connector on the right side. The board is placed on a blue textured surface. Two rulers are used for scale: a vertical ruler on the left showing centimeters from 1 to 8, and a horizontal ruler at the bottom showing centimeters from 1 to 8. The board's diameter is approximately 4.5 cm.</p>

<p style="text-align: center;">Solder Board-Component View 8</p>	 <p>A photograph of a green PCB component with a circular cutout. The component is placed on a blue textured surface next to a metal ruler. The ruler shows centimeter and millimeter markings. The component has several solder joints and a small white label with the text "DD30704KEY", "REV:1.1", and "20211026".</p>
<p style="text-align: center;">Solder Board-Component View 9</p>	 <p>A photograph of a blue cylindrical battery with two wires (red and black) extending from one end. The battery is placed on a blue textured surface next to a metal ruler. The ruler shows centimeter and millimeter markings. The battery has a white label with the text "Rechargeable Li-ion Battery", "WorldPower", "100% NiMH", "1.2V", "300mAh", "CE", and "RoHS".</p>
