

### EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

---

**Conducted Emission  
Test Setup**

**Radiation Emission Test  
Setup (Below 30MHz)**

<p><b>Radiation Emission Test Setup (30MHz to 1GHz)</b></p>	<p>A photograph showing a radiation emission test setup in an anechoic chamber. A white test table is positioned in the center, with a device on top. The chamber walls are covered with white pyramidal absorbers. A metal structure with vertical rods is visible in the foreground, and yellow and black safety stripes are on the floor.</p>
<p><b>Radiation Emission Test Setup (1GHz to 18GHz)</b></p>	<p>A photograph showing a radiation emission test setup in an anechoic chamber. A white test table is positioned in the center, with a device wrapped in white tape on top. The chamber walls are covered with white pyramidal absorbers. A red horn antenna is visible in the foreground, and blue pyramidal absorbers are on the floor.</p>
