

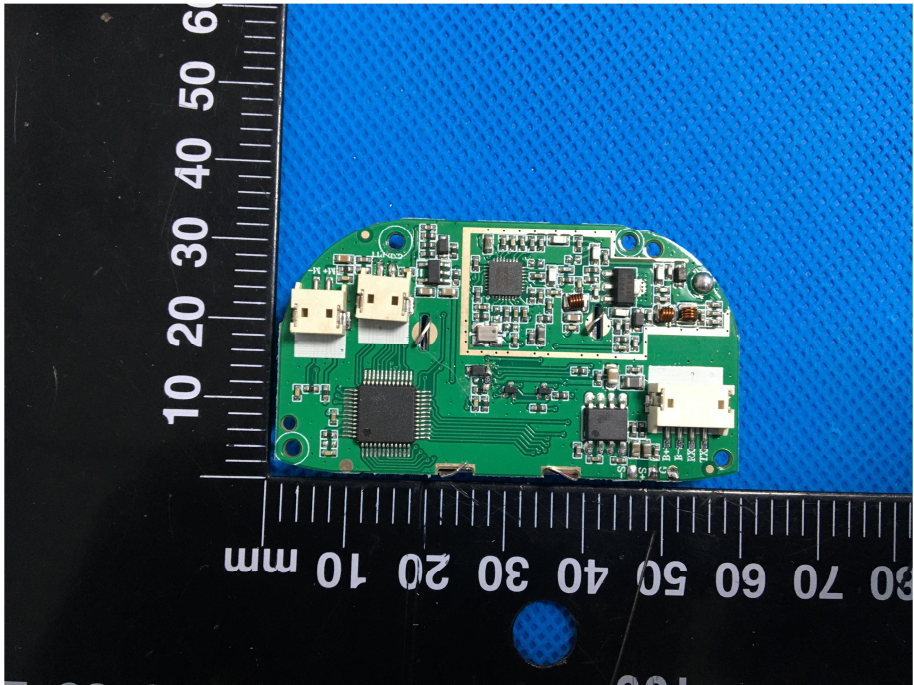

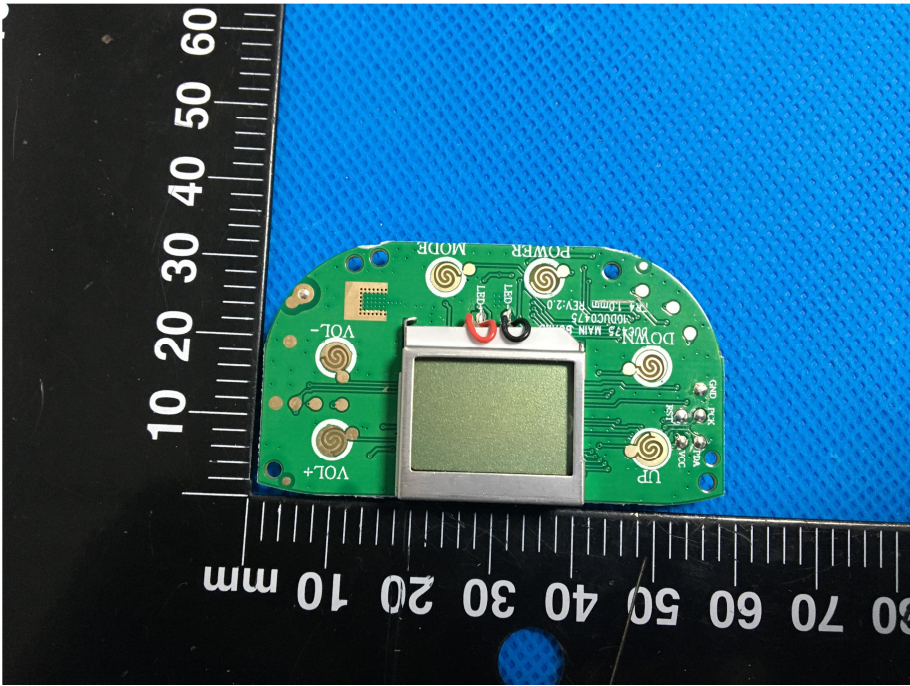

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>A photograph showing the disassembled EUT housing and board assembly. The main housing is black and semi-circular, with a green PCB board mounted inside. Several colored wires (red, yellow, orange, blue) are connected to the board. A black plastic cover is also visible. A black ruler with white markings is placed vertically and horizontally for scale, showing measurements in millimeters. The background is a blue textured surface.</p>
<p>Solder Board-Component View 1</p>	 <p>A close-up photograph of the green PCB board component. The board is populated with various electronic components, including integrated circuits, resistors, and capacitors. Two white connectors are visible on the left side. A black ruler with white markings is placed vertically and horizontally for scale, showing measurements in millimeters. The background is a blue textured surface.</p>

<p>Solder Board-Component View 2</p>	 <p>A photograph of a green PCB component with a small LCD screen. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters. The PCB has various labels: 'VOL+', 'VOL-', 'MODE', 'POWER', 'DOWN', 'UP', and 'LED'. There are also some circular patterns and other components on the board.</p>
<p>Antenna View</p>	 <p>A photograph of a black handheld device with a small LCD screen and several buttons. A red box highlights the antenna area on the right side of the device. A red line points from the label 'Antenna' to the highlighted area. The device is placed on a blue textured surface.</p>
