

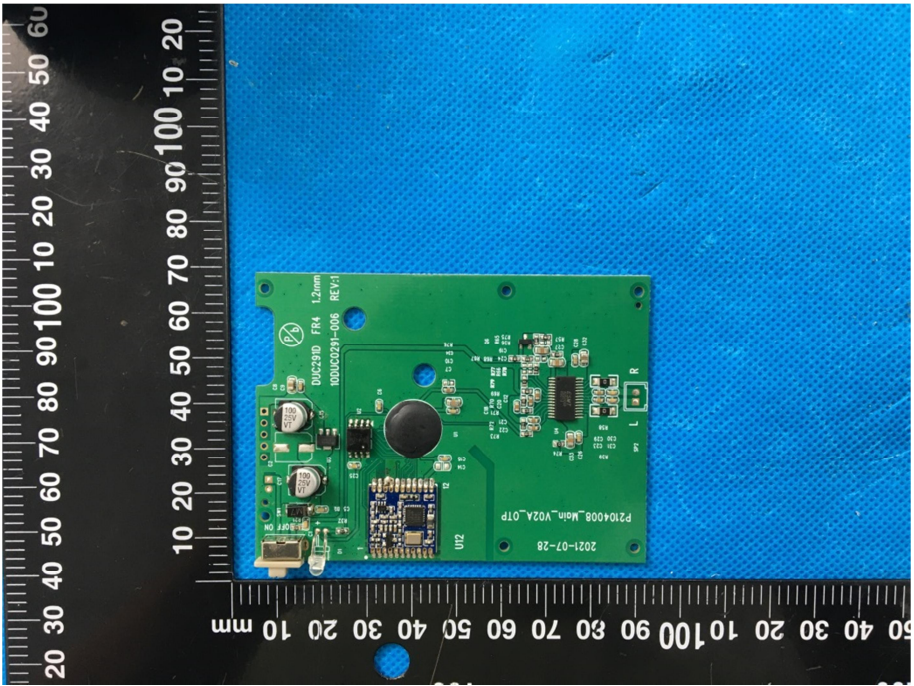

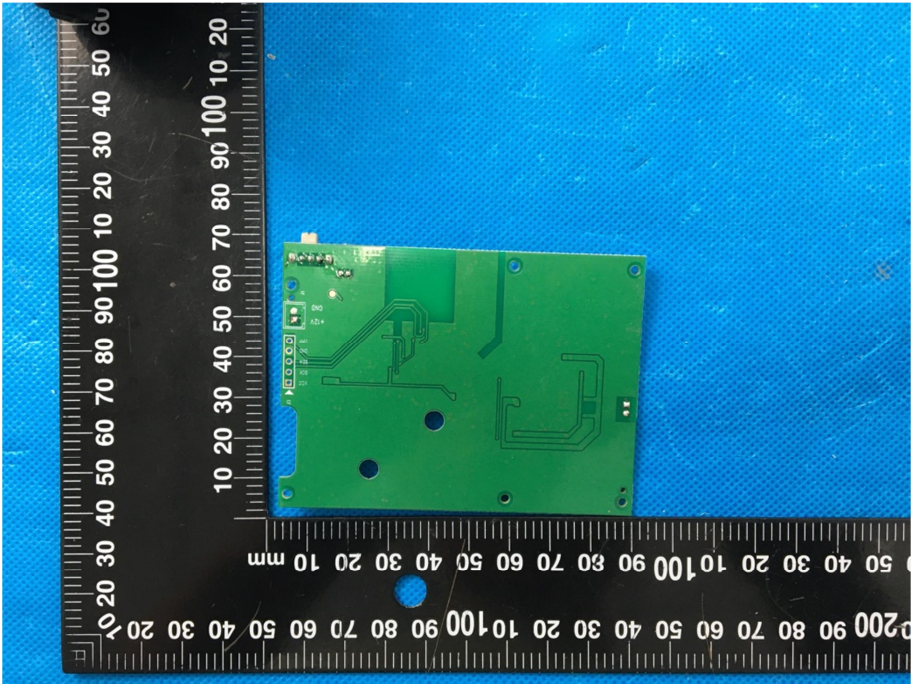

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and Board  
View 1**

**EUT Housing and Board  
View 2**

<p style="text-align: center;"><b>Solder Board-Component View 1</b></p>	 <p>A photograph of a green printed circuit board (PCB) populated with various electronic components. The board is oriented vertically and is placed on a blue textured surface. A black ruler with white markings is positioned to the left and bottom of the board for scale. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 60 cm). The PCB has several components, including a large black circular component in the center, a microcontroller or similar chip, and various passive components like resistors and capacitors. Text on the board includes "DUIC28ID FR4 1.2mm", "100UC029F-006 REV.3", "P2104008_Mch_V02A_OTP", and "2021-07-28".</p>
<p style="text-align: center;"><b>Solder Board-Component View 2</b></p>	 <p>A photograph of the same green PCB as in View 1, but showing the reverse side. The board is populated with various components, including a large black circular component in the center, a microcontroller or similar chip, and various passive components like resistors and capacitors. The board is oriented vertically and is placed on a blue textured surface. A black ruler with white markings is positioned to the left and bottom of the board for scale. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 60 cm). The PCB has several components, including a large black circular component in the center, a microcontroller or similar chip, and various passive components like resistors and capacitors. Text on the board includes "DUIC28ID FR4 1.2mm", "100UC029F-006 REV.3", "P2104008_Mch_V02A_OTP", and "2021-07-28".</p>
