

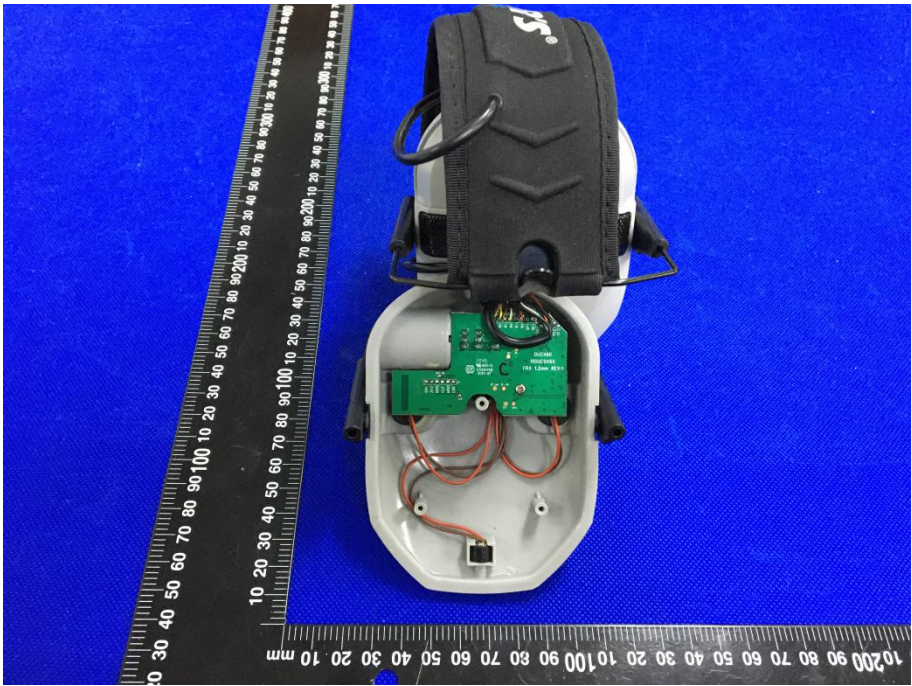

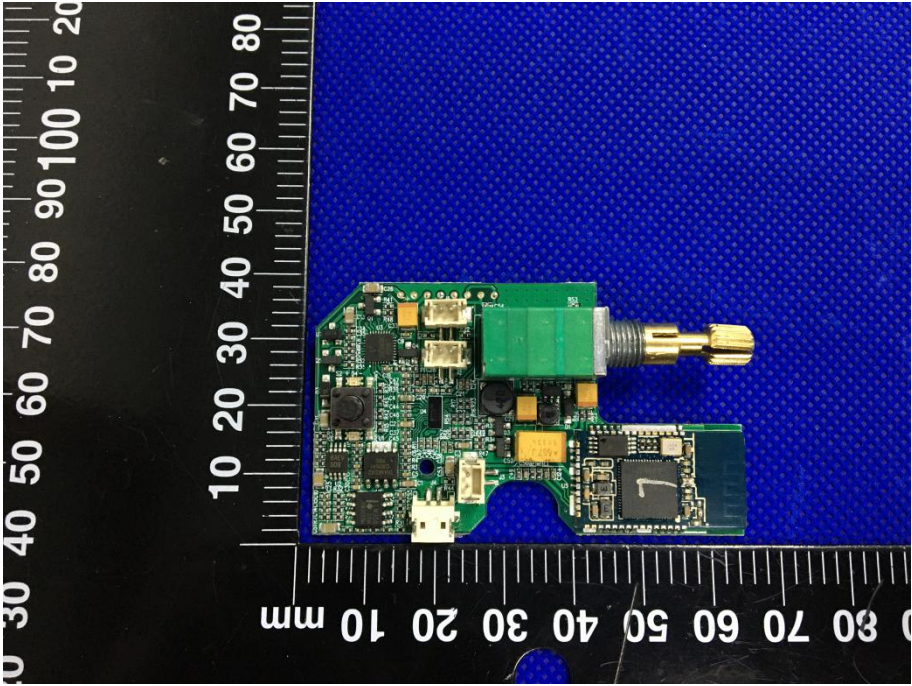

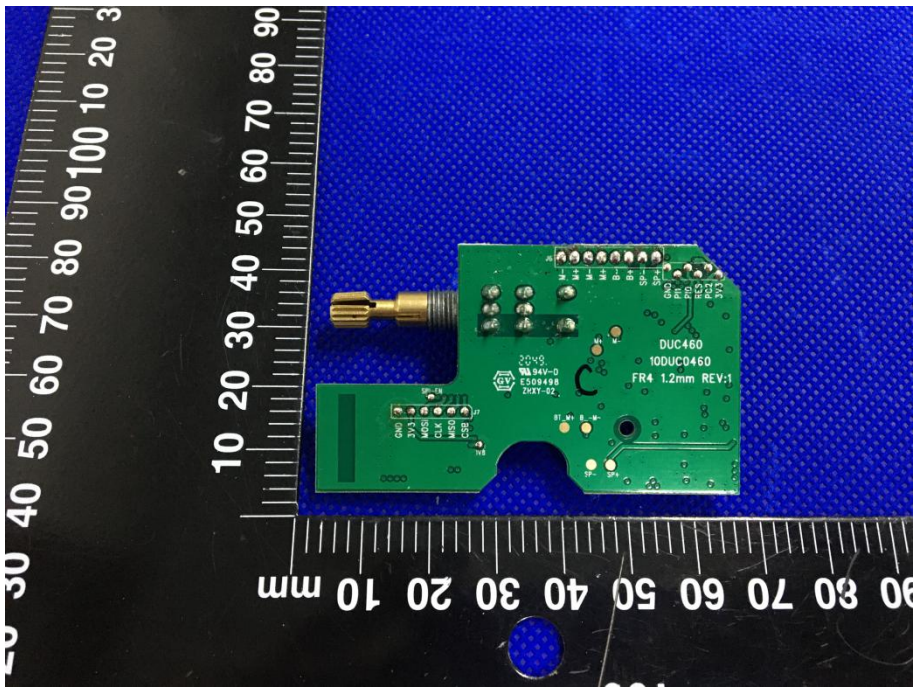

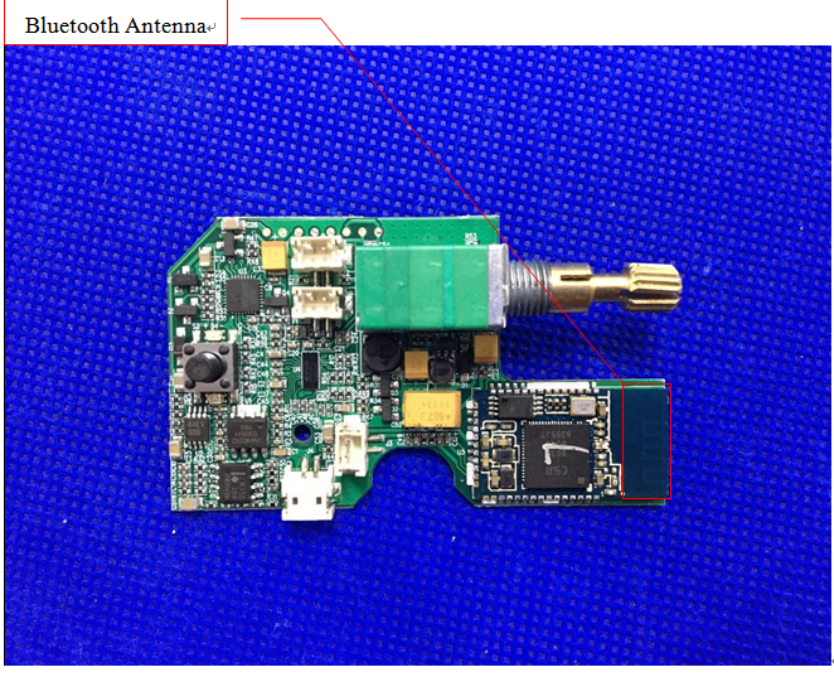

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	
<p>EUT Housing and Board View 2</p>	

<p>EUT Housing and Board View 3</p>	 <p>A photograph showing the back of a white plastic housing with a green printed circuit board (PCB) mounted inside. The PCB is connected to a black strap with a metal ring. A black ruler is placed vertically to the left of the assembly for scale, showing measurements in millimeters. The background is a blue textured surface.</p>
<p>Solder Board-Component View 1</p>	 <p>A close-up photograph of the green PCB component. It features various electronic components, including a large black integrated circuit, several capacitors, and a gold-colored SMA connector. A black ruler is placed horizontally below the component for scale, showing measurements in millimeters. The background is a blue textured surface.</p>

<p>Solder Board-Component View 2</p>	 <p>A photograph of a green PCB component with a gold SMA connector. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length being approximately 100 mm. The PCB has several components and markings, including 'DUC460', '10DUC0460', 'FR4 1.2mm REV:1', and '2048'. There are also some smaller markings like 'E508498' and 'ZKX1-02'.</p>
<p>Antenna View</p>	 <p>A photograph of the same green PCB component from a different angle, showing the underside. A red box highlights a specific area on the board, and a red line points from the text 'Bluetooth Antenna' to this area. The component is placed on a blue textured surface. The SMA connector is visible on the right side.</p>
