

FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

--Reorient or relocate the receiving antenna.

--Increase the separation between the equipment and receiver.

--Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

--Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

MADE IN CHINA

USER-FRIENDLY

1. The power cable on this strip is flexible enough to let it settle in place on the desk, and the 4 anti-slip rubber footpads at the bottom keep from slipping and sliding.
2. Hidden Blue LED indicator doesn't disturb you when sleeping and let you know your phone is charging wirelessly.
3. The switch can completely shut off electronics when not in use, helping to conserve energy.
4. In order to help you to better organize the extension cord we offer you a fastening cable tie as a gift just want you to be happy with our product.
5. Transmits charging power straight through even heavy-protection phone cases (5mm).
NOTE: Magnetic or metal attachments and other foreign objects will interfere with charging.

WARNINGS

1. The power of all devices should not exceed rated power of this power strip, such as hair dryers or steam irons.
2. Do not covers the power strip with anything to prevent overheat.
3. Do not use it in humid environment.
4. Do not disassemble or modify it by yourself.

WARRANTY

Ensure that all products to be of the highest quality in material, craftsmanship and services for 18 months from the date of purchase.

We will replace any product found to be defective due to manufacturer flaws based Refunds are available within the first 30 days after purchase.

Wireless Charging Stand

Desktop Power Strip

User Manual

OVERVIEW

1. Wireless Charger
2. USB Port
3. Type-C Port
4. AC Socket
5. LED Indicator
6. ON/OFF Switch
7. Non-Slip Pads
8. Heat Dissipation Holes

SPECIFICATION

Power Strip with Fast Wireless Charger	
Model:	W88
Interface:	2 Outlets & 3 USB Ports
Power Input:	AC110V-240V 50/60Hz
AC Output:	AC110V-240V 1250W (Max)
USB Total Output:	DC5V/2A 10W(MAX)
Type-C Output:	PD18W 12V1.5A/9V2A/5V2.4A
Wireless Charger Output:	5V1A/7.5V1A/9V1.1A
Material:	Fire-resistant ABS shell
Cable Length:	5 feet
Dimension:	4.96 * 3.43 * 4.25 in

FEATURES

SAFETY

1. Its beautiful shell is made of ABS plastic and PC 94V0, making it fireproof of up to 750°C. The insulating material can protect you from electric shock.
2. Integrated advanced circuit protection against over-current, overcharging and overheating, make charging more secure for you.
3. The both sides and back are equipped with multiple heat dissipation holes to keep your devices cool and efficient charging.

COMPATIBILITY

Wireless Charging Pad

1. 10W Fast Charge Mode:
Samsung Galaxy S10 / S9+ / S9 / S8 / S8+ / S7 edge / S7 / S6 edge+
Samsung Note 10 / Note 9 / Note 8 / Note 7

2.7.5 W Fast Charge Mode:

iPhone 11/ 11 Pro / 11 Pro Max / XS Max / iPhone XR / iPhone XS / iPhone X / iPhone 8 / 8 Plus (Phones with iOS 13.1 and above only support 5W charging)

3. 5W Standard Charge Mode:

All Qi-enabled phones and devices
Pixel 3 / Pixel 3XL (The phone's screen will display the message: Charging slowly)

USB Power Strip

1. The power strip is compatible with most electronic devices up to 1250 W. Only apply to the use of low power household appliances.
2. It can intelligently detect and charge most USB devices at ideal output. Perfect for camera, mp3, Smartphone, tablet, Bluetooth speaker, power bank and etc.
3. It supports a wide range of voltage (110V-240), you can take it travel around the world
