Planet Beyond Charging Station x 1

Silicone earmuffs (L / M / S) x 3

USB Charging Cable x 1

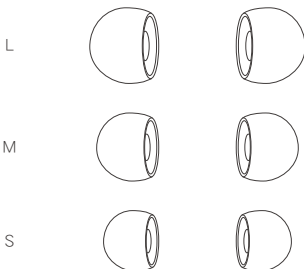

**Note:** If the product is partially damaged, please contact your local authorized dealer or customer service center.

# Ear-Pieces

- // Bluetooth Device Name: Planet Beyond
- // Motion Key: Tapping
- // LED Light: Green
- // Power On: Take the ear-pieces out of the charging compartment, and the devices will turn on automatically. The left and the right ear-pieces will automatically match if worn together.
- // Power Off: The ear-pieces will automatically turn off when putting back into the charging station.

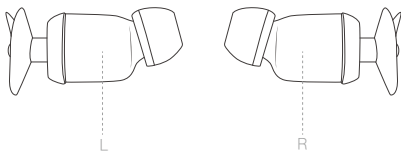

## Choosing the Earmuffs

- // The ear-piece is equipped with the medium-sized earmuffs by default. We have provided L, M, S sizes by compliment
- // For your comfort, we suggest you choose a pair of earmuffs that best fit your ear shape

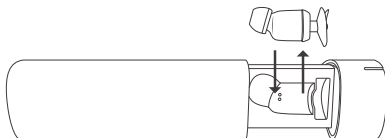

# Wearing the Ear-Pieces

// Gently push the ear-pieces into the ear canal and rotate them to a comfortable angle.

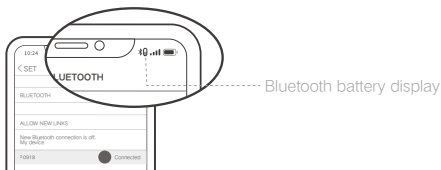

# Automatic Power On/Off

- // Take the ear-pieces out of the charging compartment for turning on.
- // Restore the ear-pieces back into the charging compartment for turning off.

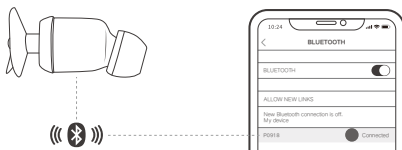

# Power Supply

- // Power Display: After connecting to the mobile device, you can find the power display of the Bluetooth devices on the top bar of the screen.
- // Low Battery Prompt: When the battery power is low, there will be a warning beep every 10 seconds.

# Bluetooth Connectivity Setup

- // For first time connection, turn on Bluetooth and find the device name <Planet Beyond> for connection. After the connection is successfully established, a beep sound will be prompted in the ear-pieces.

# Control

## Music Playback Control

- // To pause: double-tap on either side to pause the music
- // To play: double-tap on either side of the ear-piece to resume playing the music
- // To skip: triple-tap on the right side of the ear-piece to skip to the next song
  - // To rewind: triple-tap on the left side of the ear-piece to rewind to the previous song

## Incoming Call Control

- // To answer the call: double-tap on either side of the ear-piece
- // To reject the call: triple-tap on either side of the ear-piece

# Product Specifications

Chip Number: AB1536

Bluetooth Version: V 5.0

Earpiece Battery: 45mAh

Charger Battery: 380mAh

Battery Life: 4 hours

Charging Time: 1 hour

Standby Life: 220 Hours

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

“ changes or modifications not expressly approved by the party responsible for compliance could void the user 's authority to operate the equipment.

“ This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

“ If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

“ This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
