<p>封面</p>  <p>True Wireless Earbuds User Manual</p>	<p>In the Box</p> <p>A. Charging Case B. TWS Earbuds C. S, M, L Earbuds Tips D. Type-C Charging Cable E. User Manual</p> 	<p>Product Description</p> <p>• Charging Case</p> 	<p>• Earphones</p>  <p>The product comes with three types of ear caps. If you feel unwell, it is recommended to replace ear caps of different sizes.</p>	<p>• Wearing Earbuds</p>  <p>Choose the earmuff that is most suitable for your ear, lift the cap down and gently place the earbuds in your ear.</p> <p>Tilt the earbuds back under the ear ridge to a comfortable angle until it is firmly fixed.</p>	<p>Charging method</p>  <p>Remove the isolation film from charging contacts and fully charge the battery before using the earbuds for the first time.</p> <p>- Plug in the charging cable to charge both the earbuds and the charging case at the same time. The charging indicator light flashes during the charging for charging case. When the battery is fully charged, the charging indicator is steady red.</p> <p>- During the charging of the earbuds, the indicator of the charging case is always on and the red light of the earbuds indicators is on.</p> <p>- When the earbuds is fully charged, all lights are off.</p>	<p>Starting up</p> <p>- Take the earbuds out of the charging case and it turns on automatically.</p> <p>- If the earbuds is off status after taking it out, press and hold the multi-function button for 3 seconds until the blue light flashes 3 times.</p> <p>Press and hold for about 3 seconds</p>  <p>Shut down</p> <p>- Put it into the charging case and the earbuds will automatically shut down.</p> <p>- When the power is on, press and hold the multi-function button for about 5 seconds.</p> <p>Press and hold for about 5 seconds</p> 	<p>Use of dual earphones</p> <p>• Auto connect</p> <p>- Take both earbuds out of the charging case at the same time, wait for 2-3 seconds till the indicator of left earbuds flashes red and blue, turn on the device's Bluetooth, search "E300" and click to complete the connection.</p> <p>If the connection fails, put the earbuds back in the charging case and repeat the above operation. After the first connection, the earbuds can be automatically connected back to the last paired device (Bluetooth function needs to be turned on)</p> <p>Red and blue flashing</p>  <p>• Connect manually</p> <p>When the earbuds are turned off, manually turn on the two earbuds. After the two earbuds are connected in series, the left earbud indicator flashes alternately red and blue, and the device is turned on for bluetooth connection.</p>
<p>封底</p>							

<p>Use one earphone</p> <p>• Auto connect</p> <p>Take one earbud out of the charging case. After automatic power on, the indicator light flashes alternately red and blue, turn on the device and search for "E300".</p> <p>After the first connection, the earbud can automatically connect to the last paired device when it is turned on (Bluetooth function needs to be turned on)</p> <p>Red and blue flashing</p>  <p>• Connect manually</p> <p>When the earbud is off, manually turn it on, when the earbud indicator flashes red and blue alternately, turn on the device to connect to bluetooth.</p>	<p>Reset device</p> <p>If the earbuds cannot be connected or work properly, please refer to the following method to reset the headset:</p> <p>Take the earbuds out of charging case, press and hold the two multi-function button for 15 seconds at the same time, the second red and blue lights flash alternately 3 times, then release the button and put the earbuds into the charging case, clear the device's connection record, reset successfully.</p> <p>(The earbuds will automatically enter the pairing state after a successful reset, turn on the device's bluetooth to connect)</p>	<p>The main function</p> <p>• Answer/end call</p> <p>When a call comes in, short press the multi-function button to answer; during a call, short press the multi-function button to hang up the phone.</p> <p>• Reject call</p> <p>When a call comes in, press and hold the multi-function button for about 2 seconds to refuse a call.</p> <p>• Play/pause music</p> <p>In standby mode, short press the multi-function button to pause/play music.</p>	<p>• Wake up voice assistant</p> <p>In standby mode, press and hold the multi-function button, hear two beeps, and turn on the voice assistant.</p> <p>• Redial call</p> <p>After successfully connecting with the phone, double-click the multi-function button to pull back the last contact in the most recent call.</p> <p>• Discontinue outgoing calls</p> <p>Short press the multi-function button once while making a call.</p>	<p>Basic parameters</p> <p>Product model: E300</p> <p>• Basic parameters of earbuds</p> <p>Single earbud weight: 4.5g</p> <p>Product Size: 26.5*17.1*25mm</p> <p>Communication distance: 10m</p> <p>Battery capacity: 40mAh</p> <p>Charging time: Within 1 hour</p> <p>Call duration: About 4 hours</p> <p>Standby time: About 150 hours</p> <p>Input parameters: 5V=55mA</p> <p>Type of battery: Lithium ion polymer battery</p> <p>Bluetooth version: Bluetooth 5.0</p> <p>Bluetooth protocol: HFP/A2DP/HSP/AVRCP</p> <p>• Basic parameters of charging case</p> <p>Product Size: 61.8*39.3*31mm</p> <p>Input parameters: 5V=320mA</p> <p>Output parameters: 5V=500mA</p> <p>Charging time: About 50 minutes</p> <p>Battery capacity: 200mAh</p> <p>Type of battery: Lithium ion polymer battery</p>	<p>FCC Notice</p> <p>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:</p> <p>(1) This device may not cause harmful interference, and(2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.</p> <p>This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.</p> <p>However, there is no guarantee that interference will not occur in a particular installation.</p> <p>If this equipment does cause harmful interference to</p>	<p>radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <p>- Reorient or relocate the receiving antenna.</p> <p>- Increase the separation between the equipment and receiver.</p> <p>- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</p> <p>- Consult the dealer or an experienced radio/TV technician for help.</p> <p>NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p>  <p>https://1mii.com/download-2/</p> <p>Scan the code to get more language instructions.</p> <p>扫描二维码以获取更多语言使用说明书。</p> <p>Scannen Sie den Code, um weitere Sprachanweisungen zu erhalten.</p> <p>Escanee el código para obtener más instrucciones de idioma.</p> <p>Scanne le code pour obtenir plus d'instructions linguistiques.</p> <p>コードをスキャンして、より多くの言語の説明を取得します。</p>	<p>Radiation Exposure Statement</p> <p>The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p> <p>ankobit</p> <p>Any questions?
